Marshall Machines Ltd.

Marshall Machines Ltd. is the leading manufacturers of Super Optimized CNC turning centers with a wide range of Smart Automated CNC Turning machines with Robots, Double Spindle CNC turning centers, Four Spindle CNC Chuckers, Twinturn CNC machines and SmartCorrect Gauging Stations. The company was started by Mr. Gautam Sarup, the founder, in 1965 and since has grown into a solution providing machine tool company run by its current management which includes the M.D., Mr. Gaurav Sarup, Jt. M.D., Mr. Prashant Sarup, Director-Human Resources, Mrs. Archana Sarup and Director-Production, Mr. Siddhant Sarup.

We have also set up base in the U.S. for marketing of our smart technologies and are soon launching a Technology Center in Atlanta, Georgia, which will further boost the growth of the company.

Over the last few years, Marshall has focused extensively on R&D and technology development and as a result of the same, has been able to perfect and launch path breaking product lines creating a niche for itself in a highly commoditized market, dominated by Indian legacy CNC machine manufacturers and imported MNC manufactured machines.

Our R&D team is continuously working to develop affordable IoT plug-n-play smart products for many new applications related to Grinding, Boring, Milling, Gear Cutting etc. Our customers profile includes Auto Components, Automobile, Aerospace, Capital Goods, Consumer Durables, Defence, Oil & Gas, Fan Industry, Railways, Forging Industries etc.

Our company with its various and path breaking technologies attracts very good talent from across the country and provides them a platform for learning and application in various engineering sectors.
