PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

All references to “India” are to the Republic of India and all references to the “Government” are to the Government of India.

FINANCIAL DATA

Unless stated otherwise, the financial data included in this Draft Prospectus are extracted from the restated financial statements of our Company, prepared in accordance with the applicable provisions of the Companies Act and Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditors, set out in the section titled ‘Financial Statements’ beginning on page 177 of this Draft Prospectus. Our restated financial statements are derived from our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, and have been restated in accordance with the SEBI (ICDR) Regulations.

Our fiscal year commences on 1st April of each year and ends on 31st March of the next year. All references to a particular fiscal year are to the 12 months period ended 31st March of that year. In this Draft Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding-off. All decimals have been rounded off to two decimal points.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly, to what extent, the financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices / Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited.

Any percentage amounts, as set forth in “Risk Factors”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and elsewhere in this Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act and Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Reviewed Auditors, set out in the section titled ‘Financial Statements’ beginning on page 177 of this Draft Prospectus.

CURRENCY OF PRESENTATION

In this Draft Prospectus, references to “Rupees” or “Rs.” or “INR” are to Indian Rupees, the official currency of the Republic of India. All references to “\$”, “US\$”, “USD”, “U.S. \$” or “U.S. Dollars” are to United States Dollars, the official currency of the United States of America.

All references to ‘million’ / ‘Million’ / ‘Mn’ refer to one million, which is equivalent to ‘ten lacs’ or ‘ten lakhs’, the word ‘Lacs / Lakhs / Lac’ means ‘one hundred thousand’ and ‘Crore’ means ‘ten million and ‘billion / bn./ Billions’ means ‘one hundred crores’.

INDUSTRY & MARKET DATA

Unless otherwise stated, Industry & Market data used throughout this Draft Prospectus have been obtained from Ministry of Statistics and Programme Implementation (MOSPI), RBI, The Hindu Business Line, Financial Express, Department of Industrial Policy & Promotion, Indian Machine Tools Manufacturing Association (IMTMA), India Brand Equity Foundation (IBEF). Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but their accuracy and completeness are not guaranteed and their reliability cannot be assured. Although we believe that industry data used in this Draft Prospectus is reliable, it has not been independently verified. Similarly, internal Company reports, while believed by us to be reliable, have not been verified by any independent sources.

Further the extent to which the market and industry data presented in this Draft Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD-LOOKING STATEMENTS

This Draft Prospectus contains certain “forward-looking statements”. These forward-looking statements can generally be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “shall”, “will”, “will continue”, “will pursue” or other words or phrases of similar meaning. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results and property valuations to differ materially from those contemplated by the relevant forward-looking statement.

Important factors that could cause actual results to differ materially from our expectations include, among others:

- Increase in price of materials/components;
- Our ability to maintain our Patents;
- Fluctuations in other operating costs;
- Higher interest outgo on our loans.
- Our failure to keep pace with rapid changes in technology;
- Our ability to meet our capital expenditure and working capital expenditure requirements;
- Our ability to attract and retain qualified personnel;
- Our ability to successfully implement our growth strategy and expansion plans;
- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Changes in government policies and regulatory actions that apply to or affect our business;
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The performance of the financial markets in India and globally;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control;
- Our ability to manage risks that arise from these factors.

For a further discussion of factors that could cause our actual results to differ, refer to section titled “Risk Factors” and chapter titled “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on pages 20 and 214 respectively of this Draft Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

Future looking statements speak only as of the date of this Draft Prospectus. Neither we, our Directors, Underwriter, Merchant Banker nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, the LM and our Company will ensure that investors in India are informed of material developments until the grant of listing and trading permission by the Stock Exchange.

SECTION II – RISK FACTORS

An investment in Equity Shares involves a high degree of risk. Prospective investors should carefully consider all the information in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. In making an investment decision prospective investor must rely on their own examination of our Company and the terms of this offer including the merits and risks involved. Any potential investor in, and subscriber of, the Equity Shares should also pay particular attention to the fact that we are governed in India by a legal and regulatory environment in which some material respects may be different from that which prevails in other countries. The risks and uncertainties described in this section are not the only risks and uncertainties we currently face. Additional risks and uncertainties not known to us or that we currently deem immaterial may also have an adverse effect on our business. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations and financial condition could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. Additionally, our business operations could also be affected by additional factors that are not presently known to us or that we currently consider as immaterial to our operations.

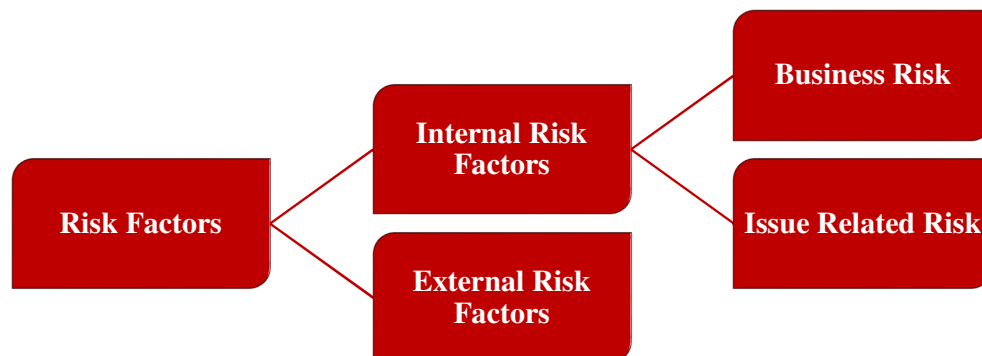

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. To obtain a complete understanding, you should read this section in conjunction with the chapters titled “Our Business” beginning on page 108, “Our Industry” beginning on page 100 and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 214 respectively, of this Draft Prospectus as well as other financial information contained herein.

The following factors have been considered for determining the materiality of Risk Factors:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively;*
- *Some events may not be material at present but may have material impact in future.*

The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence the same has not been disclosed in such risk factors. Unless otherwise stated, the financial information of the Company used in this section is derived from our financial statements under Indian GAAP, as restated in this Draft Prospectus. Unless otherwise stated, we are not in a position to specify or quantify the financial or other risks mentioned herein. For capitalized terms used but not defined in this chapter, refer to the chapter titled “Definitions and Abbreviations” beginning on page 3 of this Draft Prospectus. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another.

The risk factors are classified as under for the sake of better clarity and increased understanding:

A. INTERNAL RISK FACTORS

I. Business Risks/ Company specific Risk

- 1. Any change in the technology may render our current technologies obsolete or require us to make substantial capital investment to cope with the market.***

Technology upgradation is a regular process and it is also essential for providing the desired quality to the customers. Though we are taking all the possible steps to keep our manufacturing facilities in line with the latest technology, any further upgradation in the technology may render our current technology obsolete and require us to upgrade the existing technology or implement new technology. Further implementing new technology may require us to incur huge capital expenditure which could affect our cash flows and result of operations. However, we have R&D Department which evolves new innovations in design, process, and Six Sigma performance within the Define, Measure, Analyze, Improve, and Control (DMAIC) framework to keep us a step ahead of the competition.

- 2. Our inability to protect or use our intellectual property rights may adversely affect our business.***

We consider our intellectual property to be one of our most valuable assets and we have registered several patents and trademarks in India and USA including through our Promoter and Promoting Group. For details, please see “Government and Other Approvals – Intellectual Property” on page 237 of this Draft Prospectus. Our business may suffer if we are unable to defend intellectual property protection for our machines. Because of the importance of proprietary technology in the machine tool industry, the Company makes active use of patents to protect its technology innovations. The success of the Company's business is highly dependent on its ability to enforce patent protections. Patents may not provide the protections as envisaged, patents may be invalidated. Our Company may lack the financial resources to enforce patents, all undermining the competitive advantage purported to be provided by patents. In addition, the Company's business involves a substantial risk of overlap with third party patents and subsequent litigation with competitors or patent-holders. Any claims, with or without merit, could be time-consuming, result in costly litigation, cause the Company to enter into licensing agreements or otherwise force the Company to change its business practices.

- 3. The issue of specified securities by the issuer within the last twelve months at a price lower than the issue price.***

During the last one year we have issued Equity Shares at a price lower than the Issue Price as detailed in the following table.

Date of Allotment	No. of Equity Shares	Face Value (Rs.)	Issue Price (Rs.)	Nature of Consideration	Reason of Allotment
May 25, 2018	85,44,000	10.00	Nil	Other Than Cash	Bonus Issue of Equity Shares in the ratio of 4:1

For further details please refer to Chapter titled “Capital Structure” beginning on page 61 of this Draft Prospectus.

- 4. The average cost of acquisition of Equity shares held by our Promoters is lower than the Issue price.***

The average cost of acquisition of Equity Shares of the Promoters in our Company could be lower than the Issue Price of Equity Shares as decided by the Company in consultation with the Lead Manager. Average cost of acquisition of equity shares by our promoters is as follows:

Name of the Promoter	No. of shares Held	Average cost of Acquisition (in. Rs.)
Mr. Gaurav Sarup	47,76,950	1.79
Mr. Prashant Sarup	49,33,325	4.64

For further details regarding average cost of acquisition of equity shares by our promoters in our Company, please refer to the chapter titled “Capital Structure” beginning on page 61 of this Draft Prospectus.

- 5. *Our Company has initiated significant planned capital expenditures to augment its production and marketing capacity, which may not yield the benefits as intended. The capital expenditure mentioned in the Objects of the Issue has not been appraised by any bank or financial institution.***

Our Company requires significant capital expenditure to be utilized for the purpose of setting up facilities for augmenting capacity and enhancing our market capability. For more details on the Company’s planned expenditure please refer to the section entitled “Objects of the Issue” on page 90 of this Draft Prospectus. The figures for capital expenditure plans are based on management estimates and have not been appraised by any bank, financial institution or other independent organization. In addition, the Company’s capital expenditure plans are subject to a number of variables, including possible cost overruns; receipt of critical components; and changes in management’s views of the desirability of current plans, among others. There can be no assurance that any capacity addition or improvement at its facilities will be completed as planned or on schedule or that the Company will achieve its planned capacity, operational efficiency or product base, or its targeted return on investment. In view of the reasons stated above, the Company cannot assure that it will be able to execute its capital expenditure plans as contemplated. If the Company experiences significant delays or mishaps in the implementation of its capital expenditure plans or if there are significant cost overruns, then the overall benefit of such plans to its revenues and profitability may decline.

- 6. *We are subject to risks associated with expansion into new markets.***

Our Company intends to enter into new markets like USA. Expansion into USA, subjects us to various challenges, including those relating to our lack of familiarity with the culture, legal regulations and economic conditions of these new regions, difficulties in appointment of distributors, display centers, staffing and managing such operations. The risks involved in entering new geographic markets and expanding operations, may be higher than expected, and we may face significant competition in such markets. By expanding into new markets, we may be exposed to significant liability and could lose some or all of our investment in such regions, as a result of which our business, financial condition and results of operations could be adversely affected.

- 7. *Increase in the cost of, or a shortfall in the availability of our materials/components could have an adverse effect on our business, results of operations and financial condition.***

The principal materials/components used by us for manufacturing CNC Machines are spindle belt, grinding wheel, drill, automation conveyors, ball screw, bearing, C.I Casting, chuck & cylinders, CNC systems, coolant pump, electrical parts, encoder, gauging station material etc. The price of these materials/components has relatively been stable which is evident from the cost of materials consumed to net revenue from operations ratio of 67.77%, 67.68% and 72.30% for the financial years 2017-18, 2016-17 and 2015-16 respectively. However, a major fluctuation is not ruled out in future. The price and availability of these materials/components depend on several factors beyond our control, including supplier’s preferability overall economic conditions, production levels, market demand and competition for such materials, production and transportation cost, duties and taxes and trade restrictions.

Any increase in materials/components prices may affect our procurement of materials/components and will result in corresponding increases in our product costs, while the increase in the selling price of the finished products may not be proportionate to the increase in materials/components price. Such change in pricing may adversely affect our sales, cash flow and our overall profitability. We usually do not enter into long term supply contracts with any of materials/components suppliers and typically place orders with them after firm-orders are received by us. The absence of long term contracts at fixed prices exposes us to volatility in the prices of materials/components that we require. The relationship with these key suppliers plays an important role in helping us provide complete integrated solutions to our customers in the agreed time frame. If we are unable to compensate for or pass on our increased costs to end-customer or within time frame, such price increases could have an adverse impact on our result of operations, financial condition and cash flows. We also face a risk that one or more of our existing suppliers may discontinue their supplies to us. Any inability on our part to procure raw materials from alternate suppliers in a timely fashion, or on terms acceptable us, may adversely affect our operations. However, the raw material prices are stable as of now and we have been able to price our products in relation to raw material prices.

8. *We have not placed orders for the machinery, equipment's and tooling's that is required for expansion of the facility and as a result, we may face time and cost overruns.*

One of our objects of the Issue includes augmentation of capacity at our manufacturing facility which, inter-alia, includes purchase of imported machinery and fabrication of mother machinery in house. For details, see the section titled "Objects of the Issue" on page 90 of this Draft Prospectus. We are yet to enter into definitive agreements or are yet to place orders for all the machinery, equipment's and components/tooling's required for augmentation of our manufacturing facility. The total cost of machinery, equipment's and components/tooling's proposed to be procured is estimated to be Rs. 1382.00 lakhs. We are subject to risks on account of inflation in the price of machinery, equipment's and tooling's and fluctuations in foreign currency rates. These factors may increase the overall cost of our expansion, and we may have to raise additional funds by way of additional debt or equity placement to complete our expansion of manufacturing facility, which may have an adverse effect on our business and results of operations.

9. *Demand for our machines depends on capital spending by customers in the industries like Automobile, Electronics, Steel, machine tools etc. Any downturn affecting these sectors may result in a decrease in demand for our machines and adversely affect our business, financial condition and results of operations.*

Demand for many of our machines depends on capital spending by industries like Automobile, Electronics, Steel, machine tools etc., which is directly affected by trends in these sectors and the current economic scenario. Our customers may defer major expenditures given the long term nature of many large scale projects due to perception of lower demand for their products or other reasons. Further, any financial crisis may lead to tightening of credit and consequently our customers, who may not have the ability to fund capital expenditures, may have difficulty in obtaining financing, which may result in cancellations of expansion or deferral of expansion to a later date. Such cancellations or deferrals may result in decreased demand for our machines and could adversely affect our results of operations, cash flows and liquidity.

10. *Our Company runs a risk of high cash in hand.*

Our Company has been holding a high amount of cash in hand. Our Company had a cash balance of Rs. 162.78 Lakhs, 140.99 Lakhs and 92.06 Lakhs as on March 31, 2018, 2017 and 2016, respectively. There is an inherent risk of loss/mismanagement if cash is held in hand as also increase overall interest outgo. Further, our Company do not have insurance policy to cover any losses on account of theft or embezzlement. This may lead to stoppage of operations or losses in case of such occurrence.

11. Our Patents registered in India under Patent Act, 1970 will expire in the near future.

Our Patents registered in India under the Patents Act, 1970 will expire in the near future. For details, see the section titled “Government and Other Statutory Approvals” on page 237 of this Draft Prospectus. We cannot assure you that we will be able to renew such registrations, when we’ll apply for renewal in the later course of time. As a result, we may be unable to prevent use of these patents by any other party or ensure that we will continue to have a right to use it. We further cannot assure you that any third party will not infringe upon our patents in a manner that may have a material adverse effect on our business prospects, reputation and goodwill. If we are unable to protect our patents, others may be able to use our patents to compete more effectively.

12. Failure to offer customer support in a timely and effective manner may adversely affect our relationships with our customers.

From time to time, our customers require our customer support team to assist them in installing, using our machines, help them in resolving post-sales issues quickly and in providing ongoing support. If we do not devote sufficient resources or are otherwise unsuccessful in assisting our customers effectively, it could adversely affect our ability to retain existing customers and could prevent prospective customers from buying our machines. We may be unable to respond quickly enough to accommodate short-term increases in demand for customer support. We also may be unable to modify the nature, scope and delivery of our customer support to compete with changes in the support services provided by our competitors. Increased demand for customer support, without corresponding revenue, could increase costs and adversely affect our business, results of operations and financial condition.

Our sales are highly dependent on our business reputation and on positive recommendations from our customers. Any failure to maintain high-quality customer support, or a market perception that we do not maintain high-quality customer support, could adversely affect our reputation, business, results of operations and financial condition. However, we have built a strong “after sales technical team” which helps our customers on a regular basis.

13. Our operations are significantly dependent on our ability to successfully identify customer requirement and gain customer acceptance for our machines. If we fail to do so, our business may suffer.

Our future success depends on our ability to ensure continued demand for our machines in existing and proposed markets, which requires us to continuously anticipate and respond in a timely manner to customer requirements. Further, our success is dependent on our ability to gain customer acceptance for our current and future products. If we are unable to successfully anticipate customer requirements or are unable to modify our current portfolio of products or develop new products, in a timely manner, we may lose customers or become subject to greater pricing pressures.

14. We may face potential liabilities or claims by the customers in the future for warranties given by us on our machines, which could have an adverse effect on our business, reputation, results of operations or financial condition.

The machines manufactured by us are generally covered by manufacturers’ warranties, which are typically for 1 to 2 years. In the event any machine or component fail to operate as required, our customer may make a claim against the applicable warranty to cover all or a portion of the expense or losses associated with the faulty component. In case the supplier of these components to us no longer honor the warranties as back to back warranty obligations, it would leave us to cover the expense and losses associated with the faulty component. Our business, financial condition, results of operations and cash flows could be materially and adversely affected if we cannot recover the expense and losses associated with the faulty component.

- 15. Our Company had negative cash flows from our operating activities, investing activities as well as financing activities in some of the previous year(s) as per the Restated Financial Statements and the same are summarized as under:**

Our Company had negative cash flows from our operating activities, investing activities as well as financing activities in some of the previous year(s) as per the Restated Financial Statements and the same are summarized as under:

(Rs. in Lakhs)

Particulars	As on March 31,				
	2018	2017	2016	2015	2014
Cash Flow from/ (used in) Operating Activities	415.31	1,087.16	708.22	(84.56)	143.08
Cash Flow from/ (used in) Investing Activities	(892.48)	(509.18)	(104.90)	(30.87)	(240.59)
Cash Flow from/ (used in) Financing Activities	505.71	(517.32)	(540.19)	107.52	(94.72)

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flow in future, it may adversely affect our business and financial operations.

- 16. We face competition in our business from domestic & international competitors. Such competition may have an adverse impact on our business and financial performance.**

The machine tool industry is a competitive sector that is reliant upon continual technological advancement. There are several large competitors that operate in this industry, which may be developing new technologies. The development of a new and superior technology by a competitor could affect our ability to commercialize our patented machines. There is a risk that existing competitors or new entrants to the market may develop superior or more cost effective machines, which could have an adverse effect on our business and financial position. We may be unable to develop further machines or keep pace with rapid technological developments in its market space, and may lose market share to our competitors.

Furthermore, our competitors may have greater operational, financial, technical, management or other resources than we do and may be able to achieve better economies of scale and lower cost of capital, allowing them to quote more competitive rates to our customers. Our competitors may also have a more effective or established localized business presence or a greater willingness or ability to operate with little or no operating margins for sustained periods of time. Our market position depends on our pricing, innovation, development and operation capabilities, reputation and track record.

- 17. We appoint contract labour for carrying out certain of our operations and we may be held responsible for paying the wages of such workers, if the independent contractors through whom such workers are hired default on their obligations, and such obligations could have an adverse effect on our results of operations and financial condition.**

In order to retain flexibility and control costs, we appoint independent contractors who in turn engage on-site contract labour for performance of certain of our operations. Although we do not engage these labour directly, we may be held responsible for any wage payments to be made to such labour in the event of default by such independent contractor. Any requirement to fund their wage requirements may have an adverse impact on our results of operations and financial condition. In addition, under the Contract Labour Act, we may be required to absorb a number of such contract labour as permanent employees. Accordingly, any such order

from a regulatory body or court may have an adverse effect on our business, results of operations and financial condition. The Company is taking necessary steps to ensure to follow all legal requirements in this regards.

18. Our company is highly dependent on third party logistics services for the delivery of our machines and any disruption in their operations or a decrease in the quality of their services could affect our Company's reputation and results of operations.

Our Company uses third party transportation providers for delivery of our machines. Though our business has not experienced any disruptions due to transportation strikes in the past, any future transportation strikes may have an adverse effect on our business. These transportation facilities may not be adequate to support our existing and future operations. In addition materials/components/machines may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. There may also be delay in delivery of machines which may also affect our business and results of operation negatively. An increase in the freight costs or unavailability of freight for transportation of our machines may have an adverse effect on our business and results of operations. Further, disruptions of transportation services due to weather-related problems, strikes, lock-outs, inadequacies in the road infrastructure and port facilities, or other events could impair ability to procure materials/components or deliver machines on time. Any such disruptions could materially and adversely affect our business, financial condition and results of operations.

19. In case of our inability to obtain, renew or maintain the statutory and regulatory licenses, permits and approvals required to operate our business it may have a material adverse effect on our business.

We require certain statutory and regulatory permits, licenses and approvals to operate our business. Though we believe that we have obtained those permits and licenses which are adequate to run our business, however, there is no assurance that there are no other statutory/regulatory requirements which we are required to comply with. Further, some of the approvals are granted for a fixed period of time and need renewal from time to time. We are required to renew such permits, licenses and approvals. Also, certain licenses and registrations obtained by our Company contain certain terms and conditions, which are required to be complied with. Any default by our Company in complying with the same, may result in inter alia the cancellation of such licenses, consents, authorizations and/or registrations, which may adversely affect our operations. There can be no assurance that the relevant authorities will issue or renew any of such permits or approvals in time or at all. Failure to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business.

For further details, please refer to section titled “Government and Other Statutory Approvals” beginning on page 237 of this Draft Prospectus.

20. Failure to manage our inventory could have an adverse effect on our sales, profitability, cash flow and liquidity.

The results of operations of our business are dependent on our ability to effectively manage our inventories specially the work in process (lead period for manufacturing of machines) & stock of materials/components. For the Fiscal Years ended 2017-18, 2016-17 & 2015-16, our inventories were Rs. 3829.78 Lakhs, Rs. 3673.34 Lakhs & Rs. 3907.991 Lakhs respectively, which constituted 64.51%, 73.19% & 89.22% respectively of our net revenues on for the same periods respectively. Since most of the materials/components which goes into manufacturing of our machined are not readily available, and in some cases has to be imported, we have to keep substantial inventories for those materials/components. If we misjudge expected customer demand for our machines, it could adversely impact the results by causing either a shortage of products or an accumulation of excess inventory.

21. Orders placed by customers may be delayed, modified, cancelled or not fully paid by our customers, which may have an adverse effect on our business, financial condition and results of operations.

We may encounter problems in executing the orders in relation to our machines, or executing it on a timely basis. Moreover, factors beyond our control or the control of our customers may result in the postponement of the delivery of machines or cause its cancellation. Accordingly, it is difficult to predict with certainty that, when, and to what extent we may be able to deliver the orders placed. Further, we may be bound to certain terms in the contracts entered with the customers any non-adherence to the same may lead to breach of the contract, which may subject us to penalties and liquidated damages. Any failure to adhere to the conditions which may be beyond our control may subject us to liquidated damages which could have an effect on the result of operation and cash flow. However, we have always followed policy of timely delivery of machines, execution of orders and ensuring customer satisfaction.

22. Any delays and/or defaults in payments from our customers could result in increase of working capital investment and/or reduction of our profits, thereby affecting our operation and financial condition. Further, our accounts receivable collection cycle exposes us to client credit risk.

We start manufacturing machines only after we have received advance ranging 10%-25% from our customers. The balance amount is receivable typically after 60-90 days from delivery date and at times after successful commissioning of machine. As such we are exposed to payment delays and/or defaults in payments by our customers and our financial position & financial performance is dependent on the creditworthiness of our customers. Any delays in payments may require us to make a working capital investment. Further, we cannot assure that payments so envisaged from all or any of our customers will be received in a timely manner or to that extent will be received at all. For the financial years 2018, 2017 and 2016, our trade receivables were Rs. 1141.75 Lakhs, Rs. 823.42 Lakhs & Rs.472.38 Lakhs respectively, which constituted 19.23%, 16.41% and 10.78% of our net revenues for the same periods, as per restated financials.

If a customer defaults in making its payments of an order on which we have devoted significant resources, or if an order in which we have invested significant resources is delayed, cancelled or does not proceed to completion, it could have a material adverse effect on our Company's results of operations and financial condition.

If any of our customers fail to make payments to us or become insolvent, we would suffer losses and our financial condition and results of operations could be adversely affected. Moreover, sale of our machines are generally not supported by letters of credit or bank guarantee. In case of any disputes or differences or default with regard to our payments due to machine performance or otherwise, we would have to initiate appropriate recovery proceedings and which may be costly and time consuming. There is no guarantee on the timelines of all or any part of our customer's payments and whether they will be able to fulfil their obligations, which may arise from their financial difficulties, cash flow difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur, our financial performance and our operating cash flows may be adversely affected.

23. Our manufacturing units and R&D, Marketing & Technology Display Centre and Sales Office are not owned by us.

The details of manufacturing units, R&D, Marketing & Technology Display Centre unit and Sales Office not owned by us are given below:-

S No	Location of the property	Ownership/Licensor / Lessor	Property Kind	Purpose
1.	D-116A, Phase-V, Focal Point, Ludhiana, Punjab - 141010	Punjab Small Industries & Export Corporation Limited	Leasehold- 99 years	Manufacturing Unit - II

2.	C-86, Phase-V, Focal Point, Ludhiana, Punjab - 141010	Marshall Industries	Rented	Registered Office & Manufacturing Unit - I
3.	Plot No. 75B, Sector – 5, IMT Manesar, Gurgaon, Haryana	Mrs. Ritu Chopra	Leasehold	R&D, Marketing and Technology Display Centre
4.	D-203, Gut No. 173, Urban Valley behind CIDCO Office, Opp. Abbas Transport, Waluj, Mahanagar-1, Aurangabad	Mr. Dipak Dongarsingh Baraval	Rented	Sales Office

One of our manufacturing unit has been taken on long term lease of 99 years and our registered office/manufacturing unit has been taken on rent for 11 months. Further, the R&D Unit is taken on lease from Mrs. Ritu Chopra for a period of 2 years since February 01, 2018. The sales Office of the Company is taken on rent for 11 months. However the agreement of lease with Mrs. Ritu Chopra is not registered as per Stamp Duty Act. There are certain conditions in the Lease deeds of the properties, any non-adherence to the said conditions, could render the lessor of the property to cancel the lease deed or not renew the lease deed. In case the lease is cancelled or renew the same on the term which are detrimental to the company, we may suffer a disruption in our business and operation which may adversely affect our revenues and profitability.

24. Our operations are subject to environmental, health and safety laws and regulations.

Our operations are subject to various Central and State environmental laws and regulations relating to the control of pollution in the area where we operate. In particular, the discharge or emission of domestic sewage, dust or other pollutants into the air, soil or water that exceed permitted levels, electronic waste and cause damage to others may give rise to liability to the Government and third parties and may result in our incurring costs to remedy such discharge or emissions. There can be no assurance that compliance with such environmental laws and regulations will not result in a curtailment of operations, or a material increase in the costs of operations, or otherwise have a material adverse effect on the financial condition and results of our operations. While as on the date of this Draft Prospectus, we are not subject to any environmental legal proceedings, we may be impleaded in such legal proceedings in the course of our business. No assurance can be given that we will be successful in all, or any, of such proceedings. However, we have installed and maintained all equipments as required for pollution control and have not been given any adverse remark by Punjab Pollution Control Board.

25. A shortage or non-availability of electricity may adversely affect our manufacturing operations and have an adverse effect on our business, results of operations and financial condition.

Our manufacturing operations require a sustained supply of electricity which is met by Punjab State Power Corporation Limited. In the event there is any disruption of power supply for long from them, the same could result in disruption of our manufacturing process which may adversely affect our results of operations and financial condition of the company. However, we have installed generators to support our manufacturing activities in case of shortage of power supply.

26. We may not be successful in implementing our business strategies.

Our ability to achieve our financial objectives will depend on our ability to identify, evaluate and accomplish business strategies. To grow our business, we will need to hire, train, supervise and manage new employees and to implement systems capable of effectively accommodating our growth. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted customers. Further, changes in regulations applicable to us may also make it difficult to

implement our business strategies. Failure to implement our business strategies in time or at all would have a material adverse effect on our business and results of operations.

27. *Our Company has misplaced many transfer deeds for registration of transfer of shares.*

Our Company has misplaced many transfer deeds in respect of share transfers done in the past and an FIR has been filed to this effect. As such we have relied on the records available with our Company like Share Transfer Register, Annual Returns etc. for making Capital Structure.

28. *Our Company may incur penalties or liabilities for some inaccuracy/clerical errors in the forms filed with ROC under certain provisions of the Companies Act.*

There have been some inaccuracies/clerical mistakes in filing of certain forms with ROC, which may result in levy of penalties and which may adversely affect our reputation. Although no show cause notice have been issued against our Company till date in respect of above, we cannot rule out possibility of receiving a notice in future.

29. *Our Company has filed certain forms late with additional fees with Registrar of Companies as prescribed under the Companies Act.*

Under the provisions of Companies Act, certain forms are required to be filed within prescribed timelines. In the past our Company has exceeded such timeline for filing the forms and has paid additional fees. If our company fails to comply with the provisions for filing of forms under the provisions of the Companies Act, then the company and/or every officer of the company who is in default is punishable with fine. ROC forms filed late with additional fees during the last three years has been detailed below.

S.No.	Form	Date of Event	Status
1.	AOC-4	September 30, 2015	Filed with Additional Fees
2.	MGT-7	September 30, 2015	Filed with Additional Fees
3.	AOC-4	September 30, 2016	Filed with Additional Fees
4.	MGT-7	September 30, 2016	Filed with Additional Fees
5.	ADT-1	September 30, 2016	Filed with Additional Fees
6.	DIR-12	March 31, 2017	Filed with Additional Fees
7.	CHG-1	April 22, 2017	Filed with Additional Fees
7.	AOC-4	September 30, 2017	Filed with Additional Fees
8.	MGT-7	September 30, 2017	Filed with Additional Fees
9.	CHG-1	November 21, 2017	Filed with Additional Fees
10.	CHG-1	January 04, 2018	Filed with Additional Fees

30. *Certain of our old corporate records are not available.*

We are unable to trace certain corporate records for example documents in relation to allotment of shares, forms for change in directors of our Company. These documents pertain to the period commencing from 1994 to 2006. We have also been unable to trace copies of certain transfer deeds for transfer of equity shares. Despite having conducted an extensive search in the records of our Company, we have not been able to retrieve the aforementioned documents, and accordingly, have relied on other documents, such as our share transfer register, register of members, register of directors, board resolutions and minutes, annual returns to verify the details of our equity shares allotted during this period and change in directors of the Company.

- 31. *We have not made any alternate arrangements for meeting our working capital requirements for the Objects of the Issue. Further we have not identified any alternate source of financing the “Objects of the Issue”. Any shortfall in raising/meeting the same could adversely affect our growth plans, operations and financial performance.***

As on date, we have not made any alternate arrangements for meeting our working capital requirements for the Objects of the Issue. Further, we have not identified any alternate source of working capital funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the issue proceeds could adversely affect our growth plans. We meet our working capital requirements through our owned funds, internal accruals and debt. Any shortfall in our net owned funds, internal accruals and our inability to raise debt would result in us being unable to meet our working capital requirements, which in turn will negatively affect our financial condition and results of operations. For further details please refer to the chapter titled “Objects of the Issue” beginning on page 84 of this Draft Prospectus.

- 32. *The rate of interest for the loans obtained by us from the bank is variable and any increase in interest rates may adversely affect our results of operations and financial condition.***

Our Company is susceptible to changes in interest rates and the risks arising there from. Our sanction letters provide for interest at variable rates with a provision for the periodic resetting of interest rates. Further the lenders are entitled to change the applicable rate of interest, which is a combination of a base rate that depends upon the policies of the RBI and a contractually agreed spread. As such, any increase in interest rates may have an adverse effect on our business, results of operations, cash flows and financial condition. However, with the inflation at ease, we do not expect any upward trend in the interest rate in short to medium term.

- 33. *Within the parameters as mentioned in the chapter titled ‘Objects of this Issue’ beginning on page 90 of this Draft Prospectus, our Company’s management will have flexibility in applying the proceeds of this Issue. The fund requirement and deployment mentioned in the Objects of this Issue for one of the object working capital have not been appraised by any bank or financial institution.***

The fund requirement and deployment for one of the object working capital, as mentioned in the “Objects of the Issue” on page 90 of this Draft Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan and order position. We cannot assure that the current business plan will be implemented or strategy shall be executed in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency.

- 34. *Any variation in the utilization of the Net Proceeds or in the terms of any contract as disclosed in this Draft Prospectus would be subject to certain compliance requirements, including prior shareholders’ approval.***

We propose to utilize the Net Proceeds as stated under section titled “Objects of the Issue”. For further details of the proposed objects of the Issue, please refer to section titled “Objects of the Issue” beginning on page 90 of this Draft Prospectus. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilization of the Net Proceeds or in the terms of any contract as disclosed in this Draft Prospectus without obtaining the shareholders’ approval through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilization of the Net Proceeds, we may not be able to obtain the shareholders’ approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders’ approval may adversely affect our business or operations.

Further, our Promoters or controlling shareholders would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to change the objects of the Issue or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters or controlling shareholders to provide an exit opportunity to such dissenting shareholders may deter the Promoters or controlling shareholders from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Fresh Issue, if any, or vary the terms of any contract referred to in this Draft Prospectus, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Net Proceeds, if any, or varying the terms of contract, which may adversely affect our business and results of operations.

35. *We face foreign exchange risks, primarily in import of our materials/components that could adversely affect our results of operations.*

We import materials/components from Germany, Italy from companies like Siemens AG, Schneeberger GMBH, Nippon Thompson Co. Ltd., Autogrip Machinery Co. Ltd., Samchully Machinery Co. Ltd., Renishaw UK Sales Ltd., Baruffaldi S.P.A and Algra S.P.A. Total imports constitute 9.55%, 10.86% and 13.76% of our cost of material consumed for financial years ending March 31, 2018, 2017 and 2016, respectively as per restated financial statements. Accordingly, any decrease in the value of the Rupee against the foreign currency would increase the Rupee cost of materials/components.

Fluctuations in the exchange rates may affect the Company to the extent of cost of material/components imported in foreign currency terms, the details of which are given hereunder: -

(Rs. In Lakhs)

Particulars	March 31,		
	2018	2017	2016
CIF Value of Imports	428.04	373.73	440.07

Although we closely follow our exposure to foreign currencies but selectively enter into hedging of foreign currency. However, a substantial depreciation in the value of rupee may adversely affect our results of operation.

36. *Our revenues and expenses are difficult to predict and can vary significantly from period to period, which could cause our share price to decline.*

Our revenue and profitability have grown in certain years and are likely to vary significantly in the future from period to period. Therefore, we believe that period to period comparisons of our results of operations are not necessarily meaningful and should not be relied upon as an indication of our future performance. It is possible that in future our results of operations may be below market expectations, which could cause the share price of our equity shares to decline significantly.

37. *We have to update the name of our company in some of the statutory approvals and certificates due to the conversion of our Company.*

All of our statutory approvals and certificates are in the name of Marshall Machines Private Limited. Since our company was converted into a public limited company pursuant to shareholder's resolution dated April 24, 2018 and fresh certificate of incorporation dated May 17, 2018, we have to update the name Marshall

Machines Limited on some of the statutory approvals and certificates. We cannot ensure that we will be able to update the said documents in a timely manner.

38. Our industry is labour intensive and our business operations may be materially adversely affected by increase in salaries & wages, strikes, work stoppages or increased wage demands by our employees or those of our suppliers.

Our industry being labour intensive is dependent on labour force for carrying out its manufacturing operations. As of March 31, 2018, we employed 256 persons to perform a variety of functions in our daily operations. However, we have observed an overall tightening of the employee market and an emerging trend of shortage of skilled labor. Failure to obtain stable and dedicated employee support may cause disruption to our business that harms our operations. Furthermore, employee costs have been rising and may continue to increase in the near future. To remain competitive, we may need to increase the salaries of our employees to attract and retain them. Our employee payroll and related costs (excluding incurred on R&D or Patents) amounted to Rs. 382.06 Lakhs, Rs. 376.74 Lakhs and Rs. 330.43 Lakhs for the financial years 2018, 2017 and 2016, respectively, constituting 6.44%, 7.51% and 7.54% of our net revenue for respective financial years. Any increase in employee costs may harm our operating results, cash flows and financial condition. Also, work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. We have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past; however, there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs.

India has stringent labor legislation that protects the interests of workers, including legislation that sets forth detailed procedures for dispute resolution and employee removal, imposes financial obligations on employers upon employee layoffs and regulates contract labor. These laws may restrict our ability to have human resource policies that would allow us to react swiftly to the needs of our business, discharge employees or downsize. We may also experience labor unrest in the future, which may disrupt our operations. If such disruptions occur or continue for a prolonged period of time, our manufacturing capacity and overall profitability could be negatively affected. We also depend on third party contract labor. It is possible under the law that we may be held responsible for wage payments to these laborers if their contractors default on payment. We may be held liable for any non-payment by contractors and any such order or direction from a court or any other regulatory authority may harm our business, results of our operations and cash flows.

39. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and agents may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

40. There are outstanding litigation by/against our Company, our Promoters, our Directors and our Group Entities and any adverse outcome in any of these proceedings may adversely affect our profitability and reputation and may have an adverse effect on our results of operations and financial condition.

There are certain outstanding legal proceedings involving our Company, our Promoters, our Directors and our Group Entities. These proceedings are pending at different levels of adjudication before various courts, tribunals, authorities, enquiry officers and appellate tribunals. The brief details of such outstanding litigation are as follows:

LITIGATION RELATING TO OUR COMPANY

Details of outstanding demand in respect of Income Tax:

A.Y	Section	Outstanding demand amount (Rs. in Lakhs)
2012-13	220(2)	0.05

Details of outstanding demand in respect of TDS:

A total demand of Rs. 19.88 Lakhs is outstanding in respect of TDS as on July 17, 2018 for various assessment years.

41. Breakdowns of our major plants or machineries or failures to repair or maintain the same may affect our business.

Breakdowns of our major plants or machineries may significantly increase our machineries purchase cost/repair and the depreciation of our plants and machineries, as well as change the way our management estimates the useful life of our plants and machineries. In such cases, we may not be able to acquire new plants or machineries or repair the damaged plants or machineries in time or at all, particularly where our plants or machineries are not readily available from the market or require services from original machinery manufacturers. Some of our major machineries or parts may be costly to replace or repair. We may experience significant price increases due to supply shortages, inflation, transportation difficulties or unavailability. For further details of our Plant and Machineries, please refer to page 122 of this Draft Prospectus.

42. The operations of our Company are subject to manufacturing risk and may be disrupted by failure in the facilities causing fatal injury to personnel including death and destruction of property and consequent imposition of civil and criminal penalties.

Our manufacturing facilities are subject to operating risks, such as the breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, earthquakes, other natural disasters and industrial accidents. Our manufacturing facilities are also subject to operating risk resulting in fatal personal injury and property damage and consequent imposition of civil and criminal penalties. Usage of heavy machinery, handling of materials by labour during production process or otherwise, lifting of materials by humans, cranes, etc. may result in accidents which could cause injury to our labour, employees, other persons on the site and could also damage our properties there by affecting our operations. Occurrence of accidents could hamper our production and consequently affect our profitability.

43. We have entered into certain transactions with related parties. These transactions or any future transactions with our related parties could potentially involve conflicts of interest.

We have entered into certain transactions with our Promoters, Promoter Group, Group Companies/Entities, Directors and their relatives and may continue to do so in future. For absolute value of all transactions entered into with our related party entities please refer to Statement of Related Party Transactions under chapter “Financial Statement” beginning on page 177 of this Draft Prospectus. These transactions or any future transactions with our related parties could potentially involve conflicts of interest. However, the Company cannot assure you that such transactions, individually or in the aggregate, will not have an adverse effect on business and financial results. Our Company shall follow the provisions as laid down under Companies Act, 2013 and SEBI (LODR) Regulations, 2015.

44. Our Order Book does not represent our future revenues and our actual income may be significantly less than the estimates reflected in our Order Book, which could adversely affect our results of operations.

The Company has orders from which it expects future revenue and profit. Order Book refers to a compilation of our expected revenues from uncompleted orders received. Orders in the order book represent business that is considered firm. Our Order Book does not necessarily indicate future earnings related to the performance of that work, as cancellations or unanticipated variations or scope or schedule adjustments may occur. Due to changes in order schedule, we cannot predict with certainty when or if orders in our Order Book will be executed. In addition, even where an order proceeds as scheduled, it is possible that customers may default and fail to make the payments due. We cannot guarantee that the income anticipated in our Order Book will be realized, or, if realized, will be realized on time or result in profits. Any order cancellations or adjustments, which may occur from time to time, could reduce the amount of our Order Book and the income and profits that we ultimately earn from the business. Any delay, cancellation, payment and our counterparties may seek liquidated damages due to our failure to complete the required milestones or even terminate the contract totally or refuse to grant us any extension default could have a material adverse effect on our business. Accordingly, the realization of our Order Book and the effect on our results of operations may vary significantly from reporting period to reporting period depending on the nature of such order as well as the stage of completion of such orders as of the relevant reporting date as it is impacted by applicable accounting principles affecting revenue and cost recognition.

45. Our indebtedness and the restrictive covenants imposed upon us in certain debt facilities could restrict our ability to conduct our business and grow our operations, which would adversely affect our financial condition and results of operations.

As the date of this draft prospectus, we have sanctioned limit fund based and non-fund based limits of Rs. 2091.00 Lakhs from Kotak Mahindra Bank Ltd. The agreements governing our existing indebtedness contain restrictions and limitations, such as restriction on withdrawal of profits/ capital without prior approval of bank

and retention of entire profits in the business, etc. There can be no assurance that our Company has, and will, at all times have, complied with all of the terms of the said financing documents. Any failure to comply with the financial or other covenants or obtain the consents necessary to take the actions may affect our business and operations. Further, any failure to service our Company's indebtedness and/or to comply with all of the terms of the said financing documents could have an adverse effect on the operations and/or profitability of our Company. However, we have always maintained financial discipline with Banks and there is no instance of not meeting financial obligations or non-compliance with the terms and condition as on the date of this Draft Prospectus. For further details on restrictive covenants, please refer to the chapter titled "Financial Indebtness" beginning on page 227 of this Draft Prospectus.

46. *Loans availed by our Company have been secured on personal guarantees of our Promoters. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected in case of invocation of any personal guarantees or collateral securities provided by our Promoters.*

Our Promoters have provided personal guarantees as security to secure our existing borrowings of Rs. 2927.66 Lakhs (including current maturities) taken from Kotak Mahindra Bank Ltd. And other banks & NBFCs and may continue to provide such guarantees and other security post listing. In case of a default under our loan agreements, any of the personal guarantees provided by our Promoter and Promoter Group Members may be invoked and/ or the security may also be enforced, which could negatively impact the reputation and networth of the Promoters. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. In addition, our Promoter may be required to liquidate their shareholding in our Company to settle the claims of the lenders, thereby diluting their shareholding in our Company. We may also not be successful in procuring alternate guarantees/ alternate security satisfactory to the lenders, as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, please refer "Statement of Financial Indebtedness" on page 227 of this Draft Prospectus.

47. *Our Company has availed, or may in the future avail, secured/unsecured loans that may be recalled by the lenders at any time.*

Our Company has availed, or may in the future avail, secured/unsecured loans which may be recalled by the lenders at any time. In the event that any lender seeks a repayment of any such loan, then Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. Moreover, our Company may not have adequate working capital to manufacture machines. As a result, any such demand may affect our business, and in turn may affect our cash flows and results of operations. For further details please refer chapter titled "Financial Information" beginning on Page 177 of this Draft Prospectus.

48. *Our Company has contingent liabilities which if materialized may adversely affect the financial position of the Company.*

As on March 31, 2018 our Company has contingent liabilities of Rs. 95.82 Lakhs as follows:

(Rs. in Lakhs)

Particulars	Amount as on March 31, 2018
Bank Guarantees outstanding	94.07
TDS Demand	1.70
Income Tax Demand	0.05
TOTAL	95.82

The said contingent liabilities if materialized may adversely affect the financial position of our Company.

49. *In addition to normal remuneration, other benefits and reimbursement of expenses some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.*

Some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our Directors or our Key Management Personnel would always exercise their rights as Shareholders to the benefit and best interest of our Company. As a result, our Directors will continue to exercise significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. Our Directors may take or block actions with respect to our business, which may conflict with our best interests or the interests of other minority Shareholders, such as actions with respect to future capital raising or acquisitions. We cannot assure you that our Directors will always act to resolve any conflicts of interest in our favour, thereby adversely affecting our business and results of operations and prospects.

50. *Our success depends largely upon the services of our Management and other Key Managerial Personnel and our ability to retain them. Our inability to attract and retain key managerial personnel may adversely affect the operations of our Company.*

Our Company and our Promoters have built relations with suppliers, customers and other persons who are connected with our business. Further, our Key Managerial Personnel also possesses the requisite domain knowledge to provide efficient services to our clients. Accordingly, our Company's performance is dependent upon the services of our Promoters and other Key Managerial Personnel. Our future performance will, therefore, depend upon the continued services of these persons. Demand for key managerial personnel in the industry is intense and our inability to attract and retain Key Managerial Personnel may affect the operations of our Company.

51. *Our Key Management Personnel are associated with the Company less than one year.*

Our Key Management Personnel's i.e. Chief Financial Officer and Company Secretary are associated with the Company for a period of less than one year. For details of Key Management Personnel and their appointment, please refer to chapter "Our Management" beginning on page 151 of this Draft Prospectus.

52. *We have not independently verified certain data in this Draft Prospectus.*

We have not independently verified data from the Industry and related data contained in this Draft Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

53. *Our insurance coverage may not be sufficient or may not adequately protect us against all material hazards, which may adversely affect our business, results of operations and financial condition.*

We have taken insurance which may not be adequate enough for covering the entire future unforeseen liabilities that might occur in the normal course of business. There can be no assurance that any claim under the insurance policies maintained by us will be honored fully, in part or on time by the insurers. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance, exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial performance could be adversely affected. For further details on insurance arrangements, see the section titled “*Our Business*” on page 108 of this Draft Prospectus.

54. *Any Penalty or demand raised by statutory authorities in future will affect our financial position of our Company.*

Our Company is engaged in business of manufacturing CNC machines, which attracts/ attracted tax liability such as Customs duty, Excise, VAT, GST, Income Tax, as per the applicable provisions of Law. We are also subject to the labour laws like depositing of contributions with Provident Fund, ESIC etc. Though, we have deposited the required returns under various applicable Acts except under GST since March 2018 due to certain technical glitch, any demand or penalty raised by the concerned authority in future for any previous year and current year will affect the financial position of our Company.

55. *Our Promoters and the members of our Promoters Group will continue to retain significant control in the Company after the Issue, which will enable them to influence the outcome of matters submitted to shareholders for approval. Our Promoters and the members of our Promoter Group may have interests that are adverse to the interests of our other shareholders and may take positions with which our other shareholders do not agree.*

As the date of Draft Prospectus, our Promoters and the members of our Promoter Group hold 99.98% equity share capital of the Company. After completion of the Issue, our Promoters and the members of our Promoter Group will hold 73.40% of the equity shares capital of the Company and continue to retain a significant control of the Company. As a result, our Promoters and our Promoter Group will have the ability to control our business, including matters relating to any sale of all or substantially all of our assets, the timing and distribution of dividends and the election or termination of appointment of our officers and directors. This control could delay, defer or prevent a change in control of the Company, impede a merger, consolidation, takeover or other business combination involving the Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of the Company even if it is in the Company’s best interest. In addition, for so long as our Promoters and the members of our Promoter Group continue to exercise significant control over the Company they may influence the material policies of the Company in a manner that could conflict with the interests of our other shareholders. Our Promoters and the members of our Promoter Group may have interests that are adverse to the interests of our other shareholders and may take positions with which our other shareholders do not agree.

II. Risk related to this Issue and our Equity Shares

56. *The Issue Price of the Equity Shares may not be indicative of the market price of the Equity Shares after the Issue.*

The Issue Price of the Equity Shares will be determined by our Company in consultation with the LM and will be based on numerous factors. For further information, see the section titled “Basis for Issue Price” on page 96 of this Draft Prospectus. The Issue Price may not be indicative of the market price for the Equity Shares after the Issue. The market price of the Equity Shares could be subject to significant fluctuations after the Issue and may decline below the Issue Price. There can be no assurances that applicants who are allotted Equity Shares through the Issue will be able to resell their Equity Shares at or above the Issue Price.

57. *Any future issue of Equity Shares may dilute your shareholding and sales of our Equity Shares by our Promoters or other major shareholders may adversely affect the trading price of the Equity Shares.*

Any future equity issues by us, including in a primary offering, may lead to the dilution of investors' shareholdings in us. Any future equity issuances by us or sales of its Equity Shares by the Promoters may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

58. *Our ability to pay any dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.*

The amount of our future dividend payments, if any, will depend upon our Company's future earnings, financial condition, cash flows, working capital requirements, capital expenditures, applicable Indian legal restrictions and other factors. There can be no assurance that our Company will be able to pay dividends.

B. EXTERNAL RISK FACTORS

59. *A slowdown in economic growth in India could adversely affect our business, results of operations, financial condition and cash flows.*

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products may be adversely affected by an economic downturn in domestic, regional and global economies. Economic growth in the countries in which we operate is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports of materials, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, financial condition and cash flows. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

60. *Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.*

Our business and financial performance could be adversely affected by unfavorable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations applicable to us and our business. Please refer to “Key Industry Regulations and Policies” on page 137 for details of the laws currently applicable to us.

There can be no assurance that the Government of India may not implement new regulations and policies which will require us to obtain approvals and licenses from the Government of India and other regulatory bodies or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment to, or change to governing laws, regulation or policy in the jurisdictions in which we operate may have a material adverse effect on our business, financial condition and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which may also materially harm our results of operations. Any unfavorable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

GST has been implemented with effect from July 1, 2017 and has replaced the indirect taxes on goods and services such as central excise duty, service tax, central sales tax, state VAT and surcharge being collected by the central and state governments. The GST has led to increase tax incidence and administrative compliance. Any future amendments may affect our overall tax efficiency, and may result in significant additional taxes becoming payable.

Further, the general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18 onwards and the same may get triggered once transactions are undertaken to avoid tax. The consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit amongst other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. If such tax laws, rules and regulations are amended, new adverse laws, rules or regulations are adopted or current laws are interpreted adversely to our interests, the results could increase our tax payments (prospectively or retrospectively) and/or subject us to penalties. Further, changes in capital gains tax or tax on capital market transactions or sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

61. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation is typically impacted by factors such as governmental policies, regulations, commodity prices, liquidity and global economic environment. Any change in the government or a change in the economic and deregulation policies could adversely affect the inflation rates. Continued high rates of inflation may increase our costs such as salaries, travel costs and related allowances, which are typically linked to general price levels. There can be no assurance that we will be able to pass on any additional costs to our clients or that our revenue will increase proportionately corresponding to such inflation. Accordingly, high rates of inflation in India could have an adverse effect on our profitability and, if significant, on our financial condition.

62. *You may be subject to Indian taxes arising out of capital gains on sale of Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long term capital gains and is taxable at 10%, in excess of Rs. 1,00,000. Any long term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

63. *Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely affect our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our capital expenditure plans, business and financial performance and the price of our Equity Shares.

64. *We have not prepared, and currently do not intend to prepare, our financial statements in accordance with the International Financial Reporting Standards ("IFRS"). Our transition to IFRS reporting could have a material adverse effect on our reported results of operations or financial condition.*

Public companies in India, including us, may be required to prepare annual and interim financial statements under IFRS in accordance with the roadmap for convergence with IFRS announced by the Ministry of Corporate Affairs, Government of India through a press note dated January 22, 2010 (the "IFRS Convergence Note"). The Ministry of Corporate Affairs by a press release dated February 25, 2011 has notified that 35 Indian Accounting Standards are to be converged with IFRS. The date of implementation of such converged Indian accounting standards has not yet been determined. Our financial condition, results of operations, cash flows or changes in shareholders' equity may appear materially different under IFRS than under Indian GAAP or our adoption of converged Indian Accounting Standards may adversely affect our reported results of operations or financial condition. This may have a material adverse effect on the amount of income recognized during that period and in the corresponding (restated) period in the comparative Fiscal/period.

65. *Financial difficulty and other problems in certain long-term lending institutions and investment institutions in India could have a negative impact on our business.*

We are exposed to the risks of the Indian financial system which may be affected by the financial difficulties faced by certain Indian financial institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships. This risk, which is referred to as "systemic risk," may adversely affect financial intermediaries, such as clearing agencies, banks, securities firms and exchanges with whom we interact on a daily basis. Our transactions with these financial institutions expose us to credit risk in the event of default by the counter party, which can be exacerbated during periods of market illiquidity. As the Indian financial system operates within an emerging market, we face risks of a nature and extent not typically faced in more developed economies, including the risk of deposit runs notwithstanding the existence of a national deposit insurance scheme. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions and banks. This in turn could adversely affect our business, financial condition, results of operations and cash flows.

66. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

67. *Political instability or changes in the Government could adversely affect economic conditions in India generally and our business in particular.*

Our business, and the market price and liquidity of our Equity Shares, may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. Elimination or substantial change of policies or the introduction of policies that negatively affect the Company's business could cause its results of operations to suffer. Any significant change in India's economic policies could disrupt business and economic conditions in India generally and the Company's business in particular.

68. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the Mumbai terrorist attacks and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

PROMINENT NOTES

- a) The Public Issue of 38,70,000 Equity Shares of face value of Rs. 10/- each fully paid for cash at a price of Rs. [●] per Equity Share aggregating Rs. [●] Lakhs (“the Issue”). Issue of Equity Shares will constitute 26.60% of the fully diluted Post-Issue paid up capital of our Company. For more information, please refer to chapter titled “The Issue” on page 52 of this Draft Prospectus.
- b) The net worth of our Company is Rs. 1,787.06 Lakhs, Rs. 985.84 Lakhs and Rs. 875.35 Lakhs as on March 31, 2018, March 31, 2017 and March 31, 2016 respectively. The book value of each Equity Share is Rs. 83.66, Rs. 54.47 and Rs. 48.36 as on March 31, 2018, March 31, 2017 and March 31, 2016 respectively as per the audited financial statements of our Company. For more information, please refer to section titled “Financial Statements” beginning on page 177 of this Draft Prospectus.
- c) The average cost of acquisition of per Equity Shares by our Promoters, which has been calculated by taking the average amount paid by them to acquire our Equity Shares, is as follows:

Name of the Promoters	No. of Shares held	Average cost of Acquisition (in Rs.)
Gaurav Sarup	47,76,950	1.79
Prashant Sarup	49,33,325	4.64

- d) For details of Related Party Transactions entered into by our Company, please refer to the chapter titled “Related Party Transactions” beginning on page 175 of this Draft Prospectus.
- e) Except as disclosed in the chapter titled “Capital Structure”, “Our Promoters and Promoter Group” and “Our Management” beginning on page 61, 167 and 151 respectively, of this Draft Prospectus, none of our Promoters, Directors or Key Management Personnel have any interest in our Company.
- f) Except as disclosed in the chapter titled “Capital Structure” beginning on page 61 of this Draft Prospectus, we have not issued any Equity Shares for consideration other than cash.
- g) Investors may contact the LM or the Compliance Officer for any clarification / complaint or information relating to the Issue, which shall be made available by the LM and our Company to the investors at large. No selective or additional information will be available for a section of investors in any manner whatsoever. For contact details of the LM and the Compliance Officer, please refer to the chapter titled “General Information” beginning on page 53 of this Draft Prospectus.
- h) Investors are advised to refer to chapter titled “Basis for Issue Price” on page 96 of this Draft Prospectus.
- i) Trading and Allotment in Equity Shares for all investors shall be in dematerialized form only.
- j) There are no financing arrangements whereby the Promoter Group, the Directors of our Company who are the Promoters of our Company, the Independent Directors of our Company and their relatives have financed the purchase by any other person of securities of our Company during the period of six months immediately preceding the date of filing of this Draft Prospectus.
- k) Except as stated in the chapter titled “Our Group Entities” beginning on page 171 and chapter titled “Related Party Transactions” beginning on page 175 of this Draft Prospectus, our Group Entities have no business interest or other interest in our Company.

Investors may note that in case of over-subscription in the Issue, allotment to Retail applicants and other applicants shall be on a proportionate basis. For more information, please refer to the chapter titled “Issue Structure” beginning on page 259 of this Draft Prospectus

SECTION III- INTRODUCTION

SUMMARY OF OUR INDUSTRY

OVERVIEW OF INDIAN ECONOMY

India's diverse economy encompasses traditional village farming, modern agriculture, handicrafts, a wide range of modern industries, and a multitude of services. Slightly less than half of the work force is in agriculture, but services are the major source of economic growth, accounting for nearly two-thirds of India's output but employing less than one-third of its labour force. India has capitalized on its large educated English-speaking population to become a major exporter of information technology services, business outsourcing services, and software workers.

Thus, the country is attracting many global majors for strategic investments owing to the presence of vast range of industries, investment avenues and a supportive government. Huge population, mostly comprising the youth, is a strong driver for demand and an ample source of manpower.

With 1.33 billion people and the world's fourth-largest economy, India's recent growth and development has been one of the most significant achievements of our times. Over the six and half decades since independence, the country has brought about a landmark agricultural revolution that has transformed the nation from chronic dependence on grain imports into a global agricultural powerhouse that is now a net exporter of food. Life expectancy has more than doubled, literacy rates have quadrupled, health conditions have improved, and a sizeable middle class has emerged. India is now home to globally recognized companies in pharmaceuticals and steel and information and space technologies, and a growing voice on the international stage that is more in keeping with its enormous size and potential

GDP and Other Indicators

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP is estimated to have increased 6.6 per cent in 2017-18 and is expected to grow 7.3-7.7 per cent in 2018-19.

India's gross domestic product (GDP) at constant prices grew by 7.2 per cent in September-December 2017 quarter as per the Central Statistics Organisation (CSO). Corporate earnings in India are expected to grow by 15-20 per cent in FY 2018-19 supported by recovery in capital expenditure, according to JM Financial.

The tax collection figures from April 2017- February 2018 show an increase in net direct taxes by 19.5 per cent year-on-year and an increase in net direct taxes by 22.2 per cent year-on-year.

India has retained its position as the third largest startup base in the world with over 4,750 technology startups, with about 1,400 new start-ups being founded in 2016, according to a report by NASSCOM.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves were US\$ 422.53 billion in the week up to March 23, 2018, according to data from the RBI. India's gross domestic product (GDP) is expected to reach US\$ 6 trillion by FY27 and achieve upper-middle income status on the back of digitization, globalization, favorable demographics, and reforms.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report; and is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by the year 2040, according to a report by PricewaterhouseCoopers.

Exchange Rate Used: INR 1 = US\$ 0.0153 as on March 29, 2018

Overview of Indian Machine Industry

India was the 13th largest manufacturer of machine tools in the world as per Gardner's world machine tool consumption survey report 2016.

- The Indian machine tool industry consists of around 1000 manufacturing units covering large, medium and small companies.
- Domestic manufacturers have 43% share in consumption.

Overview of Metal Cutting Machine Tool Industry in India

Source: Indian Machine Tools Manufacturing Association

- Metal cutting industry has seen increasing trend over three years with the stable growth in manufacturing activity in the country.
- User sectors like Auto industry and auto component industry has led to growth of metal cutting machine tool demand during these years

Metal Cutting Machine Tools Industry

Metal Cutting is a collection of processes wherein material is brought to a specified geometry by removing excess material using various kinds of tooling to leave a finished part that meets specifications.

Based on the working process, metal cutting machineries can be broadly classified into the following categories.

Turning machines: Turning is a metal cutting process for producing a cylindrical surface with a single point tool. The work piece is rotated on a spindle and the cutting tool is fed into it radially, axially or both.

Machining Centre: The term “machining centre” describes almost any CNC milling and drilling machine that includes an automatic tool changer and a table that clamps the work piece in place. On a machining centre, the tool rotates, but the work does not.

Drilling Machine: Drilling is a cutting process that uses a drill bit to cut a hole of circular in solid cross section materials. The drill bit is usually a rotary cutting tool, often multi point. The bit is pressed against the work piece and rotated at rates from hundreds to thousands of revolutions per minute.

Milling Machine: Milling is the machining process of using rotary cutters to remove material from a work piece by advancing (or feeding) in a direction at an angle with the axis of the tool.

Grinding machine: A grinding machine, often shortened to grinder, is any of various machine tool used for grinding, which is a type of machining using an abrasive wheel as the cutting tool. Each grain of a abrasive on the wheel's surface cuts a small chip from the work piece via shear deformation. Grinding is used to finish work pieces that must show high surface quality and high accuracy of shape and dimension.

Gear Cutting machine: Gear cutting is any machining process for creating a gear. The most common gear-cutting processes include hobbling broaching, milling and grinding. Such cutting operations may occur either after or instead of forming processes such as forging, extruding casting, or sand casting.

Electrical discharge machining (EDM), also known as spark machining, spark eroding, burning, die sinking, wire burning or wire erosion, is a manufacturing process where by a desired shape is obtained by using electrical discharges (sparks).

SUMMARY OF OUR BUSINESS

BACKGROUND

Our Company was incorporated on May 23, 1994 as a private limited company under the provisions of Companies Act, 1956 with Registrar of Companies, Punjab, H.P. & Chandigarh in the name and style of V. B. Spinning Mills Private Limited. The Company's name was changed to Marshall Machines Private Limited on January 02, 2002. Thereafter the control & management of the Company was completely taken over by Mr. Gaurav Sarup and Mr. Prashant Sarup in February 2002 along with their father Late Shri Gautam Sarup.

Our Company is in the business of developing, manufacturing and marketing of Machine Tool Equipment. The business was originally founded by Mr. Gautam Sarup, who set up the business in the name and style of "Marshall Industries" more than 54 year ago to initially manufacture hosiery machines. In coming years, the business moved to design & manufacture of high precision Bench Lathes, Heavy Duty Lathes & Capstan Lathes, thousands of which were sold all over the country. The firm became known brand in the design and manufacture of high precision bench lathes, heavy duty lathes & capstan lathes. It was amongst first Indian CNC Machine manufacturers and launched CNC Machines way back in 1998.

In 1997, Marshall Industries entered into a technical tie-up with an American Company (M/s Path Wizard Inc.) to export the mechanical & basic electrical elements of CNC Lathes to U.S.A. In 1998, Marshall Industries launched CNC Lathes with Siemens/Fanuc CNC Controls in India during IMTEX-98 Exhibition held at New Delhi and has been manufacturing CNC Lathes since then.

Later, Mr. Gautam Sarup was joined in the business by his sons, Gaurav Sarup & Prashant Sarup ("Promoters") after completing their engineering education. As a team, they grew the product range to include All Geared Lathes, Multi Spindle Drilling/Tapping Machines & Special Purpose Machines.

On April 01, 2006, our Company took over the running business of M/s Marshall Industries on as and where basis by allotting 340,000 equity shares in our Company. Since then Marshall has become the innovative machine tool manufacturer in India and the pioneer in "Intelligent Automation".

Following acquisition of M/s Marshall Industries by our company, all business of Marshall Industries was shifted to our company. Over the last few years, our company has focused extensively on research and technology development and as a result of the same, has been able to perfect and launch path braking product lines creating a niche for itself in a commoditized market, otherwise dominated by Indian standard legacy CNC machine manufacturers and imported MNC manufactured machines. Marshall has won several national awards for its product and technology and has come to be known as an innovative machine tool manufacturer in India and pioneer of "Intelligent Automation". Current product portfolio include patented double and four spindle CNC machines, automated robotic solutions and patent pending IoT suite of intelligent equipment. This innovative product line has brought in high productivity, cost efficiencies and near zero defect production to its marquee customer base.

OVERVIEW

Marshall Machines Limited is in the business of developing, manufacturing and marketing of Machine Tool Equipment including wide range of single spindle, patented double and four spindle CNC machines, automated robotic solutions and patent pending IoT suite of intelligent equipment. Moreover, our company sells machine parts of the manufactured machines as well to existing machinery buyers.

Technology is all around us and it has changed our lives and industries smarter, safer, and more convenient. As technology further leads us, intelligent machines are now becoming a reality. Over the past decade, Marshall has been a driving force behind innovation in Indian machine tool industry, automated solutions & smart technologies

to solve the major problems of manufacturers and help improve productivity & profits. Our company has spent the past decade continuously improving its manufacturing operations and enhancing its technology to be able to immediately address its customers' changing needs. In today's competitive 24/7 manufacturing world where demands are high and increased quality, efficiency and productivity are critical for success, manufacturers need a machine manufacturer that can deliver what they need, when they need it. Marshall Machines has become a domestic leader in reliable automated turning solutions because of its passion for innovation and overall commitment to the manufacturing industry gives customers constant access to new, cutting-edge solutions, while further solidifying its position as a leading provider of innovative, productive machine tools and systems.

OUR COMPETITIVE STRENGTHS

We believe the following competitive strengths contribute to our success and position us well for future growth:

➤ **Intellectual Property & Proprietary Technology**

Our patented Double & Four spindle CNC Turning Centers give us a tremendous edge over competitors who generally make & sell standard single spindle machines. Marshall has a strong first mover advantage in developing & commercializing Intelligent Machines and has developed strong barriers to entry by inventing its suite of patent pending technologies including proprietary IoT^Q technologies including SmartCorrect, SmartInsert & SmartChek.

While currently IoT^Q technologies have been commercially applied by us in CNC Turning Machine applications, these technologies have additional tremendous potential to be applied in wider Machine Tools applications. We will focus on expanding the scope of these technologies as these technologies matures and are perfected.

➤ **Firm Orders in Hand:**

The Company's current aggregate order booking position as on July 19, 2018 is Rs. 5,527.97 lakhs comprising of the various models of machines i.e. Smartcorrect Gauging Station, Automated Machines (Roboturn), Rapidturn, Twin Spindle (Twinturn), Single Spindle (Rigidturn), CAF Series to various customers i.e. Fanuc, Mitsubishi, Siemens etc.

➤ **Intensive R&D for Smart Tech Development:**

Our Company has an IoT^Q and Super-optimized machine Technology Demonstration Center at IMT Manesar, Gurugram spread across 10000 sq. foot equipped with latest design and development tools. We also have two R&D divisions located in our two factories in Ludhiana, one focused on development of Super-optimized machines and the second one on development of "Smart" automated Machine Tool Cells.

Our in-house R&D team has developed breakthrough, mechanically and electrically integrated technologies that will change the way companies do business. We strive to exceed conventional limits and deliver reliable, efficient solutions capable of supporting our customers' growth. Our mechanical and electrical engineers work alongside customers to co-engineer products that help prevent downtime, increase efficiency and reduce rejections with a view to growing their business.

➤ **Unique Business Model driving customer relationships by offering quality**

Marshall's product strategy has been developed to address varying customer needs and provide solutions to their pressing manufacturing problems of manufacturing quality, manpower issues and profitability combined with their capex investment ability. This has been made possible through offering early adoption of Marshall's IoT^Q enabled Super-Optimized automated CNC machines (RoboTurn), incremental innovations and

retrofitting customers' legacy (existing) CNC Machines by integrating Marshall's plug and play *SmartCorrect* gauging stations etc.

➤ **Experienced management team and skilled workforce.**

Our Company has strong leadership with long standing track record complimented by a professional team of functional experts. Further, our Company has in house R&D team and experts, developing a large number of patent pending IoT*Q* based technologies & product portfolio including technologies such as *SmartCorrect*, *SmartInsert* and *SmartChek*, SmartLoad, SmartChange etc. and integrating these technologies with CNC Turning Machines to transform them into Intelligent & Super-Optimized Machines.

➤ **Value creation opportunity**

New products have been tried and tested and received tremendous feedback from some of the largest Indian auto component manufacturer. Clear path for a significant increase in revenues and EBIDTA margin as expansion provides a platform for substantial value unlocking.

DETAILS OF THE MARKET MAKING ARRANGEMENT

Our Company and the Lead Manager have entered into a tripartite agreement dated May 24, 2018 with the following Market Maker, duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making:

**CHOICE EQUITY BROKING PRIVATE LIMITED**

Choice House, Shree Shakambhari Corporate Park,

Plot No. 156-158, Near Cambridge School,

Chakravarti Ashok Society, J. B. Nagar,

Andheri (E), Mumbai – 400099, Maharashtra

Tel: +91 22 67079853

Fax: +91 22 67079898

E-mail: sme@choiceindia.com

Contact Person: Mr. Premkumar Harikrishnan

SEBI Registration No.: INB231377335

Choice Equity Broking Private Limited, registered with SME segment (NSE-EMERGE) of NSE will act as the Market Maker and has agreed to receive or deliver the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, as amended from time to time and the circulars issued by the NSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker(s) shall inform the Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
2. The minimum depth of the quote shall be Rs. 1,00,000/-. However, the investors with holdings of value less than Rs. 1,00,000/- shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. After a period of three months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 15 % of Issue Size (Including the 1,98,000 Equity Shares out to be allotted under this Issue.) Any Equity Shares allotted to Market Maker under this Issue over and above 1,98,000 Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduce to 14% of Issue Size, the market maker will resume providing 2-way quotes.

Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market maker(s) during market making process has been made applicable, based on the issue size and as follows:

Offer Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to Rs. 20 Crores	25%	24%
Rs. 20 to Rs. 50 Crores	20%	19%
Rs. 50 to Rs. 80 Crores	15%	14%
Above Rs. 80 Crores	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and/or norms issued by SEBI/NSE from time to time.

4. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
5. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
6. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors. At this stage, Choice Equity Broking Private Limited is acting as the sole Market Maker.
7. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
8. The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
10. The Market Maker(s) shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s).

In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations, 2009. Further the Company and the Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office, India from 11.00 a.m. to 5.00 p.m. on working days.

11. Emerge Platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
12. Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
13. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.
14. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

We further confirm that the aforesaid minimum Promoter's Contribution of 20% which is subject to lock-in for three years does not consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and out of revaluation of assets or capitalization of intangible assets or bonus shares out of revaluation reserves or reserves without accrual of cash resources.
- Equity Shares acquired by the Promoter during the preceding one year, at a price lower than the price at which Equity Shares are being offered to public in the Initial Public Offer.
- The Equity Shares held by the Promoter and offered for minimum Promoter's Contribution are not subject to any pledge.
- Equity shares issued to our Promoter on conversion of partnership firm into Private limited company during the preceding one year, at a price lower than the price at which Equity Shares are being offered to public in the Initial Public Offer.
- Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoter's Contribution subject to lock-in.

The Promoter's Contribution can be pledged only with a scheduled commercial bank or public financial institution as collateral security for loans granted by such banks or financial institutions, in the event the pledge of the Equity Shares is one of the terms of the sanction of the loan. The Promoter's Contribution may be pledged only if in addition to the above stated, the loan has been granted by such banks or financial institutions for the purpose of financing one or more of the objects of this Issue.

The Equity Shares held by our Promoters may be transferred to and among the Promoter Group or to new Promoter or persons in control of our Company, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the Takeover Regulations, as applicable.

11. Details of share capital locked in for one year

In addition to minimum 20% of the Post-Issue shareholding of our Company held by the Promoter (locked in for three years as specified above), in accordance with regulation 36 of SEBI (ICDR) Regulations, the entire pre-issue share capital of our Company shall be locked in for a period of one year from the date of Allotment in this Issue.

The Equity Shares held by persons other than our Promoters and locked-in for a period of one year from the date of Allotment, in accordance with regulation 37 of SEBI (ICDR) Regulations, in the Issue may be transferred to any other person holding Equity Shares which are locked-in, subject to the continuation of the lock-in in the hands of transferees for the remaining period and compliance with the Takeover Regulations.

12. There is no "Buyback", "Standby", or similar arrangement for the purchase of Equity Shares by our Company/Promoters/Directors/Lead Manager for purchase of Equity Shares offered through this Draft Prospectus.
13. There are no safety net arrangements for this public issue.
14. The Equity Shares, which are subject to lock-in, shall carry the inscription "non-transferable" and the non-transferability details shall be informed to the depository. The details of lock-in shall also be provided to the Stock Exchange before the listing of the Equity Shares.
15. As on the date of this Draft Prospectus, none of the shares held by our Promoters/ Promoter Group are pledged with any financial institutions or banks or any third party as security for repayment of loans.
16. Except, as otherwise disclosed in the chapter titled "Objects of the Issue" beginning on page 90 of this Draft Prospectus, we have not raised any bridge loans against the proceeds of the Issue.
17. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed in heading on "Basis of Allotment" beginning on page 272 of this Draft Prospectus.
18. The Equity Shares Issued pursuant to this Issue shall be fully paid-up at the time of Allotment, failing which no allotment shall be made.
19. Our Company has not issued any Equity Shares at a price less than the Issue Price in the last one year preceding the date of filing of this Draft Prospectus.
20. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 43 (4) of SEBI (ICDR) Regulations, as amended from time to time.

21. Under subscription, if any, in any category, shall be met with spill-over from any other category or combination of categories at the discretion of our Company, in consultation with the Lead Manager and National Stock Exchange of India Limited.
22. An over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off while finalizing the basis of allotment to the nearest integer during finalizing the allotment, subject to minimum allotment lot. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock-in shall be suitably increased to ensure that 20% of the post issue paid-up capital is locked-in.
23. The Issue is being made through Fixed Price Method.
24. As on date of filing of this Draft Prospectus with Stock Exchange, the entire issued share capital of our Company is fully paid-up. The Equity Shares offered through this Public Issue will be fully paid up.
25. On the date of filing of this Draft Prospectus with Stock Exchange, there are no outstanding financial instruments or any other rights that would entitle the existing Promoters or shareholders or any other person any option to receive Equity Shares after the Issue.
26. Our Company has not issued any Equity Shares out of revaluation reserves and not issued any bonus shares out of capitalization of revaluation reserves.
27. Lead Manager to the Issue viz. Sarthi Capital Advisors Private Limited and its associates do not hold any Equity Shares of our Company.
28. Our Company has not revalued its assets since incorporation.
29. Our Company has not made any Public Issue of any kind or class of securities since its incorporation.
30. There will be only one denomination of the Equity Shares of our Company unless otherwise permitted by law.
31. Our Company shall comply with such disclosure, and accounting norms as may be specified by SEBI from time to time.
32. There will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, and rights issue or in any other manner during the period commencing from submission of this Draft Prospectus with Stock Exchange until the Equity Shares to be issued pursuant to the Issue have been listed.
33. Except as disclosed in this Draft Prospectus, our Company presently does not have any intention or proposal to alter its capital structure for a period of six (6) months from the date of opening of the Issue, by way of split/consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into Equity Shares) whether preferential or otherwise. However, during such period or a later date, it may issue Equity Shares or securities linked to Equity Shares to finance an acquisition, merger or joint venture or for regulatory compliance or such other scheme of arrangement if an opportunity of such nature is determined by its Board of Directors to be in the interest of our Company.
34. Our Company does not have any ESOS/ESPS scheme for our employees and we do not intend to allot any shares to our employees under ESOS/ESPS scheme from the proposed Issue. As and when, options are granted to our employees under the ESOP scheme, our Company shall comply with the SEBI (Share Based Employee Benefits) Regulations, 2014.
35. An investor cannot make an application for more than the number of Equity Shares offered in this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investor.
36. As per RBI regulations, OCBs are not allowed to participate in this Issue.
37. Our Promoters and the members of our Promoter Group will not participate in this Public Issue.

38. Our Company shall ensure that transactions in the Equity Shares by the Promoters, Group companies and the Promoter Group between the date of filing the Draft Prospectus and the Issue Closing Date shall be reported to the Stock Exchange within twenty-four hours of such transaction.
39. For the details of transactions by our Company with our Promoter Group during financial years ended March 31 2018, 2017, 2016, 2015 and 2014, please refer to Annexure VIII of restated financial statement under the section titled, 'Financial Statements' beginning on page 177 of this Draft Prospectus.
40. None of our Directors or Key Managerial Personnel holds Equity Shares in our Company, except as stated above in this chapter and also in the chapter titled "Our Management" beginning on page 151 of this Draft Prospectus.
41. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoters to the persons who receive allotments, if any, in this Issue.
42. Our Company has Twenty Three (23) shareholders as on the date of filing of this Draft Prospectus.

OBJECTS OF THE ISSUE

Our Company proposes to utilize the funds which are being raised towards funding the following objects and achieve the benefits of listing on the NSE Emerge Platform.

The objects of the Issue are:

1. Capacity Augmentation;
2. Upgradation of existing R & D Unit and IOTQ Center;
3. Establishment of new IOTQ Centers;
4. Working Capital Requirements;
5. General Corporate Purpose;
6. Issue Expenses.

Our Company believes that listing will enhance our Company's corporate image, brand name and create a public market for its Equity Shares in India. It will also make future financing easier and affordable in case of expansion or diversification of the business. Further, listing attracts interest of institutional investors as well as foreign institutional investors.

The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution.

FUND REQUIREMENTS:

Our funding requirements are dependent on a number of factors which may not be in the control of our management, changes in our financial condition and current commercial conditions. Such factors may entail rescheduling and / or revising the planned expenditure and funding requirement and increasing or decreasing the expenditure/repayment for a particular purpose from the planned expenditure/repayment.

We intend to utilize the proceeds of the Fresh Issue, in the manner set forth below:

(Rs. In lakhs)

Sr. No.	Particulars	Amount
1.	Capacity Augmentation	[•]
2.	Upgradation of existing R & D Unit and IOTQ Center	[•]
3.	Establishment of new IOTQ Centers	[•]
4.	Working Capital Requirements	[•]
5.	General Corporate Purpose	[•]
6.	*Issue Expenses	[•]
	Total	[•]

**As on July 20, 2018, our Company has incurred a sum of Rs. 72,93,600/- (Rupees Seventy Two Lakhs Ninety Three Thousand Six Hundred Only) towards issue expenses and new IOTQ Center.*

The requirements of the objects detailed above are intended to be funded from the Proceeds of the Issue. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy, as discussed further below.

In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail scheduling, revising or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013.

DETAILS OF UTILIZATION OF ISSUE PROCEEDS

1. CAPACITY AUGMENTATION

Our Company has decided to increase the capacity of some of the plant's major components which go into production of our machines. A part of the IPO proceeds shall be utilized for importing mother machinery and manufacturing domestic self-made machines, which will increase our capacity to manufacture critical components for our machines. With this capacity increasing of our unit, we shall be able to further demonstrate the efficacy of our technology and our ability to scale upwards. This increase in manufacturing ability not only will add to our revenue streams, but it will also improve our profit margins by utilizing economies of scale. The proposed capacity augmentation shall be carried out in existing premises.

2. UPGRADATION OF EXISTING R & D UNIT AND IOTQ CENTER

Our Company proposes to put up demo machines in Manesar Tech Center. At present, finished machines are displayed for a short duration at Manesar Tech Center and then shipped to customers for whom they were manufactured. Our Company proposes to put dedicated display machines at Tech Center so that machines are available round the year to demonstrate technologies and help expand the sales efforts.

3. ESTABLISHMENT OF NEW IOTQ CENTERS

Our Company proposes to establish new IOTQ center in South India near Bangalore and another in United States of America.

SECTION IV- ABOUT THE COMPANY

OUR INDUSTRY

OVERVIEW OF INDIAN ECONOMY

India's diverse economy encompasses traditional village farming, modern agriculture, handicrafts, a wide range of modern industries, and a multitude of services. Slightly less than half of the work force is in agriculture, but services are the major source of economic growth, accounting for nearly two-thirds of India's output but employing less than one-third of its labour force. India has capitalized on its large educated English-speaking population to become a major exporter of information technology services, business outsourcing services, and software workers.

Thus, the country is attracting many global majors for strategic investments owing to the presence of vast range of industries, investment avenues and a supportive government. Huge population, mostly comprising the youth, is a strong driver for demand and an ample source of manpower.

With 1.33 billion people and the world's fourth-largest economy, India's recent growth and development has been one of the most significant achievements of our times. Over the six and half decades since independence, the country has brought about a landmark agricultural revolution that has transformed the nation from chronic dependence on grain imports into a global agricultural powerhouse that is now a net exporter of food. Life expectancy has more than doubled, literacy rates have quadrupled, health conditions have improved, and a sizeable middle class has emerged. India is now home to globally recognized companies in pharmaceuticals and steel and information and space technologies, and a growing voice on the international stage that is more in keeping with its enormous size and potential

GDP and Other Indicators

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF) and it is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships. India's GDP is estimated to have increased 6.6 per cent in 2017-18 and is expected to grow 7.3-7.7 per cent in 2018-19.

India's gross domestic product (GDP) at constant prices grew by 7.2 per cent in September-December 2017 quarter as per the Central Statistics Organization (CSO). Corporate earnings in India are expected to grow by 15-20 per cent in FY 2018-19 supported by recovery in capital expenditure, according to JM Financial.

The tax collection figures from April 2017- February 2018 show an increase in net direct taxes by 19.5 per cent year-on-year and an increase in net direct taxes by 22.2 per cent year-on-year.

India has retained its position as the third largest startup base in the world with over 4,750 technology startups, with about 1,400 new start-ups being founded in 2016, according to a report by NASSCOM.

India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study by ASSOCHAM and Thought Arbitrage Research Institute.

India's foreign exchange reserves were US\$ 422.53 billion in the week up to March 23, 2018, according to data from the RBI. India's gross domestic product (GDP) is expected to reach US\$ 6 trillion by FY27 and achieve upper-middle income status on the back of digitization, globalization, favorable demographics, and reforms.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, according to a Boston Consulting Group (BCG) report; and is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by the year 2040, according to a report by PricewaterhouseCoopers.

Foreign Direct Investment

Apart from being a critical driver of economic growth, foreign direct investment (FDI) is a major source of non-debt financial resource for the economic development of India. Foreign companies invest in India to take advantage of relatively lower wages, special investment privileges such as tax exemptions, etc. For a country where foreign investments are being made, it also means achieving technical know-how and generating employment.

According to Department of Industrial Policy and Promotion (DIPP), the total FDI investments in India during 2017-18 stood at US\$ 44.86 billion, indicating that government's effort to improve ease of doing business and relaxation in FDI norms is yielding results.

India emerged as the top recipient of greenfield FDI Inflows from the Commonwealth, as per a trade review released by The Commonwealth in 2018.

Some of the recent significant FDI announcements are as follows:

- In June 2018, Idea's appeal for 100 per cent FDI was approved by Department of Telecommunication (DoT) followed by its Indian merger with Vodafone making Vodafone Idea the largest telecom operator in India
- In May 2018, Walmart acquired a 77 per cent stake in Flipkart for a consideration of US\$ 16 billion.
- In February 2018, Ikea announced its plans to invest up to Rs 4,000 crore (US\$ 612 million) in the state of Maharashtra to set up multi-format stores and experience centres.
- In November 2017, 39 MoUs were signed for investment of Rs 4,000-5,000 crore (US\$ 612-765 million) in the state of North-East region of India.

Machine Industry

Overview of Global Machine Tool industry

As per Gardner's world machine tool consumption survey 2016

- Global machine tool production during 2015 was about 80.1 Bn USD.
- Global machine tool consumption during 2015 was about 78.9 Bn USD.
- China accounts for 27.6% of global machine tool production, followed by Japan (16.8%), Germany (15.5%) Italy (6.6%) and Korea (5.96%).
- India's share in Global machine tool production was about 0.9 percent.

How does the global scenario look?

Not all countries are strong in machine tools. Japan and Germany are strong in production and degree of sophistication/technology level. Global production of machine tools was worth around \$84 billion. In volume, China leads the pack; in technological maturity, Germany and Japan are at the same level. China's machine tool production was about \$24 billion.

- Metal cutting industry has seen increasing trend over three years with the stable growth in manufacturing activity in the country.
- User sectors like Auto industry and auto component industry has led to growth of metal cutting machine tool demand during these years

Metal Cutting Machine Tools Industry

➤ Metal Cutting Machine Tools

Metal Cutting is a collection of processes wherein material is brought to a specified geometry by removing excess material using various kinds of tooling to leave a finished part that meets specifications.

Based on the working process, metal cutting machineries can be broadly classified into the following categories.

Turning machines: Turning is a metal cutting process for producing a cylindrical surface with a single point tool. The work piece is rotated on a spindle and the cutting tool is fed into it radially, axially or both.

Machining Centre: The term “machining centre” describes almost any CNC milling and drilling machine that includes an automatic tool changer and a table that clamps the work piece in place. On a machining centre, the tool rotates, but the work does not.

Drilling Machine: Drilling is a cutting process that uses a drill bit to cut a hole of circular in solid cross section materials. The drill bit is usually a rotary cutting tool, often multi point. The bit is pressed against the work piece and rotated at rates from hundreds to thousands of revolutions per minute.

Milling Machine: Milling is the machining process of using rotary cutters to remove material from a work piece by advancing (or feeding) in a direction at an angle with the axis of the tool.

Grinding machine: A grinding machine, often shortened to grinder, is any of various machine tool used for grinding, which is a type of machining using an abrasive wheel as the cutting tool. Each grain of an abrasive on the wheel's surface cuts a small chip from the work piece via shear deformation. Grinding is used to finish work pieces that must show high surface quality and high accuracy of shape and dimension.

Gear Cutting machine: Gear cutting is any machining process for creating a gear. The most common gear-cutting processes include hobbling broaching, milling and grinding. Such cutting operations may occur either after or instead of forming processes such as forging, extruding casting, or sand casting.

Electrical discharge machining (EDM), also known as spark machining, spark eroding, burning, die sinking, wire burning or wire erosion, is a manufacturing process where by a desired shape is obtained by using electrical discharges (sparks).

- Fastest growing major economy of the world.
- Auto Sector major user of machine tools to grow 3.5 to 4 times from current size of USD 74 Billion to reach about USD 300 Billion by 2026.
- New emerging sectors like Defense and aerospace, consumer durable, green investment in auto sectors are likely to enhance demand for metal cutting machines

Opportunities in Machine Industry

- The Indian economy is one of the fastest growing in the world. India GDP growth is expected to be more than 7 during next couple of years.
- Government thrust to increase manufacturing share in GDP to 25 percent from current level of 17 percent
- A UNIDO 2016 report ranked India sixth among the world's 10 largest manufacturing countries, up by three positions
- The Indian automotive sector has aims to USD 300 bn by 2026 with 12 percent share in GDP.
- India is preferred by global manufacturing companies as an outsourcing destination, due to cost competitiveness, favorable investment conditions, better engineering and designing capabilities
- Metal cutting machinery production in India accounts for less than 1% of the global production. This offers a significant opportunity for growth to increase production share in an expanding consumer market scenario

The machine tool industry is key to the government's flagship 'Make in India' and 'Skill India' initiatives, given that it makes the machines required for the manufacturing sector. V Anbu, Director General of the Indian Machine Tool Manufacturers' Association (IMTMA), spoke to *BusinessLine* on the strategic importance of the machine tool industry for the Indian economy, and the manner in which IMTMA is working closely with industry, government, and end-users. Machine tools are considered a strategic industry segment. It is part and parcel of manufacturing, particularly discreet manufacturing segments such as automobiles, defence, railways, plastic machinery, medical electronics and white goods. Industry cannot achieve a high level of excellence without the machine tools segment being very strong

OUR BUSINESS

Some of the information contained in the following discussion, including information with respect to our plans and strategies, contain forward-looking statements that involve risks and uncertainties. You should read the section “Forward-Looking Statements” for a discussion of the risks and uncertainties related to those statements and also the section “Risk Factors” for a discussion of certain factors that may affect our business, financial condition or results of operations. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our fiscal year ends on March 31 of each year, so all references to a particular fiscal are to the Twelve-month period ended March 31 of that year. In this section, a reference to the “Company” or “we”, “us” or “our” means Marshall Machines Limited.

All financial information included herein is based on our “Financial information of the Company” included on page 177 of this Draft Prospectus.

BACKGROUND

Our Company was incorporated on May 23, 1994 as a private limited company under the provisions of Companies Act, 1956 with Registrar of Companies, Punjab, H.P. & Chandigarh in the name and style of V. B. Spinning Mills Private Limited. The Company’s name was changed to Marshall Machines Private Limited on January 02, 2002. Thereafter the control & management of the Company was completely taken over by Mr. Gaurav Sarup and Mr. Prashant Sarup in February 2002 along with their father Late Shri Gautam Sarup.

Our Company is in the business of developing, manufacturing and marketing of Machine Tool Equipment. The business was originally founded by Mr. Gautam Sarup, who set up the business in the name and style of “Marshall Industries” more than 54 year ago to initially manufacture hosiery machines. In coming years, the business moved to design & manufacture of high precision Bench Lathes, Heavy Duty Lathes & Capstan Lathes, thousands of which were sold all over the country. The firm became known brand in the design and manufacture of high precision bench lathes, heavy duty lathes & capstan lathes. It was amongst first Indian CNC Machine manufacturers and launched CNC Machines way back in 1998.

In 1997, Marshall Industries entered into a technical tie-up with an American Company (M/s Path Wizard Inc.) to export the mechanical & basic electrical elements of CNC Lathes to U.S.A. In 1998, Marshall Industries launched CNC Lathes with Siemens/Fanuc CNC Controls in India during IMTEX-98 Exhibition held at New Delhi and has been manufacturing CNC Lathes since then.

Later, Mr. Gautam Sarup was joined in the business by his sons, Gaurav Sarup & Prashant Sarup (“Promoters”) after completing their engineering education. As a team, they grew the product range to include All Geared Lathes, Multi Spindle Drilling/Tapping Machines & Special Purpose Machines.

On April 01, 2006, our Company took over the running business of M/s Marshall Industries on as and where basis by allotting 340,000 equity shares in our Company. Since then Marshall has become the innovative machine tool manufacturer in India and the pioneer in “Intelligent Automation”.

Following acquisition of M/s Marshall Industries by our company, all business of Marshall Industries was shifted to our company. Over the last few years, our company has focused extensively on research and technology development and as a result of the same, has been able to perfect and launch path braking product lines creating a niche for itself in a commoditized market, otherwise dominated by Indian standard legacy CNC machine manufacturers and imported MNC manufactured machines. Marshall has won several national awards for its product and technology and has come to be known as an innovative machine tool manufacturer in India and pioneer of “Intelligent Automation”. Current product portfolio include patented double and four spindle CNC machines, automated robotic solutions and patent pending IoT suite of intelligent equipment. This innovative product line has brought in high productivity, cost efficiencies and near zero defect production to its marquee customer base.

OVERVIEW

Marshall Machines Limited is in the business of developing, manufacturing and marketing of Machine Tool Equipment including wide range of single spindle, patented double and four spindle CNC machines, automated robotic solutions and patent pending IoTQ suite of intelligent equipment. Moreover, our company sells machine parts of the manufactured machines as well to existing machinery buyers.

Technology is all around us and it has changed our lives and industries smarter, safer, and more convenient. As technology further leads us, intelligent machines are now becoming a reality. Over the past decade, Marshall has been a driving force behind innovation in Indian machine tool industry, automated solutions & smart technologies to solve the major problems of manufacturers and help improve productivity & profits. Our company has spent the past decade continuously improving its manufacturing operations and enhancing its technology to be able to immediately address its customers' changing needs. In today's competitive 24/7 manufacturing world where demands are high and increased quality, efficiency and productivity are critical for success, manufacturers need a machine manufacturer that can deliver what they need, when they need it. Marshall Machines has become a domestic leader in reliable automated turning solutions because of its passion for innovation and overall commitment to the manufacturing industry gives customers constant access to new, cutting-edge solutions, while further solidifying its position as a leading provider of innovative, productive machine tools and systems.

Marshall specializes in design and manufacture of high performance ('Super-Optimized') CNC Turning Machines including patented Double & Four spindle CNC machines, Turnkey Automated CNC machines (with Robots) and 'Smart' Proprietary Industry 4.0 based technologies under the name and umbrella of patent pending IoTQ (Internet of Things for Quality) brand. Our product offering and technology solutions include:

- 1) **Rapidturn** CNC Turning Centers with patented Double head single slide - comes in two major variants - a) simultaneous manufacturing at one head while fresh job is loaded on other head and 2) two spindles - half of a job can be completed on one spindle and second half can be completed on other spindle. These are generally used for small mass produced component manufacturing.
- 2) **Rigidturn** CNC Turning Centers - these are heavy/extra heavy duty machines and come in mainly 5 variants.
- 3) **CAF** range of Super-Optimized CNC Turning Centers (**Citius, Altius & Fortius**) - these are essentially variants of Marshall's single spindle CNC Turning Centers optimized for specific applications and generally integrated with Marshall developed patent pending IoTQ technology solutions. *Citius* is super optimized for Shafts manufacturing, closed loop with IoTQ solutions. *Altius* is super optimized for hard turning, closed loop with IoTQ solutions & SmartChange technology, eliminating separate grinding. *Fortius* is super optimized for forging application, closed loop with Smartchange and third party (Caron, USA) tool monitoring & adaptive control solution.
- 4) **Twinturn** - patented double spindle CNC Turning Centers, works as two CNC Turning Centers in one machine, allowing for two simultaneous jobs. These machines provide significant savings in space, manpower and allow for higher productivity and come in four major variants. These includes recently launched Twinturn Uber, which is Super-Optimized double spindle machine close looped with IoTQ technologies and automated material handling capabilities without use of robot (*aka "SmartLoad"*).
- 5) **Roboturn** range of machines with automated robotic solutions - these are generally double/four spindle CNC Turning Centers coupled with Robot for automated operation and material handling and close looped with IoTQ technologies. These are also offered as integrated "Cells", wherein two or more CNC Machines are integrated with single robot to achieve high speed automated line production of components.

- 6) IoT^Q Technology based standalone Plug & Play Gauging Stations. The equipment encompasses various combinations of patent pending proprietary IoT^Q technology solutions developed by Marshall and functions as standalone equipment, capable of being plugged with any standard legacy CNC Turning (including those manufactured by other CNC manufacturers). The equipment monitor quality of manufactured components on real time basis using advance sensors and using IoT^Q technologies, bringing "Intelligence" to the CNC Machines. At heart of IoT^Q technologies are three patent pending technologies - (i) "**SmartCorrect**", which auto correct CNC Machines operating parameters based on statistical proprietary algorithm and quality monitoring of produced components. This enable near zero defect component manufacturing and allow our customers to meet increasingly stringent quality requirements of their customers, (ii) "**SmartInsert**" - which monitors and help optimize life of machine tool on real time basis and (iii) "**SmartChek**" - which monitors the machine health on a daily basis and warns the operational management of any impending breakdown. These solutions are unique in the World and to the best knowledge of the Company, not offered as "Standalone" Plug and Play device by any Company in the World.

(For further details of our product portfolio, please refer to section "Our Products").

We are providing our product offering and solutions to wide range of industries including manufacturers of Axles, Crankshafts, Auto Parts, Fans, Pumps, Bearings, Gear Blanks, Bushes, etc. Our machines are known for reliability and quality. Innovative technology, quality manufacturing and complete service and support are part & parcel of the Marshall experience. By utilizing the latest in automation technology, Marshall can respond to specific customer requirements and provides the most efficient machining solutions in the market. By using Marshall automated Turning Centers our customers have cut costs, increased productivity, and, at the end of the day, have more saleable components on the floor, for less cost.

Our promoters viz. Mr. Gaurav Sarup and Mr. Prashant Sarup, have been passionate about designing innovative machine tools. Mr. Gaurav Sarup has also conducted several awareness sessions about INDUSTRY 4.0 and particularly about IoT^Q technologies at forums like NIQR (National Institute of Quality & Reliability) and companies like Bharat Forge, Bosch, Hero Honda & Maruti. He has also addressed various gatherings in USA including Metro Atlanta Chamber, GAMA (Georgia Automotive Manufacturers Association) and EDP (Economic Development Partnership). Mr. Prashant Sarup has applied his passion for designing machines, electronic integration & interfacing of systems to develop various award winning machines. He has been responsible for joint development of INDUSTRY 4.0 Technologies with Global Giants like SIEMENS (Germany) & FANUC (Japan).

Our manufacturing & R&D base is in Ludhiana, while we also have a R&D, Marketing and Technology Display Centre at IMT Manesar, Gurugram. Our Ludhiana facilities consist of state-of-the-art, two nearby production facilities aggregating 97,000 square foot, where we manufacture and assemble our product offerings and engineer solutions to support our customers' requirements. These facilities also include research and development related to making our products Super-Optimized and automated. Our IMT Manesar, Gurugram facility spread over a 10,000 square foot campus, housing knowledge center, research and development facility related to IoT^Q technologies, marketing and functions as technology and product demonstration center. Additionally, the Company plans to expand its Technology Display Centre base to South India and USA.

Our Company is registered as ISO 9001:2008 by Intertek (UK) to design, manufacture and supply of CNC Turning Centers, CNC Turnmill Centers & Double Head CNC Chuckers.

Our Company has one registered patent in its name. Moreover, our company has entered into license agreements with its group entity and promoters/relatives for the perpetual use of patents registered in their respective names or which are in process of registration. Further, licensors have acknowledged that even though they have led the research and development of the Intellectual Property and owns the same in their individual capacities, the company has also been involved in the development of the same and have shared the cost and have additionally provided the manpower to assist the Licensors in the development of the Intellectual Property, therefore our company will not pay any royalty for the said licenses.

ADVANCED MANUFACTURING

Advanced manufacturing is a broad set of enabling technologies, processes and practices that businesses from a wide range of industry sectors can adopt to improve their productivity and competitiveness. One of the example of advanced manufacturing technologies and processes is Industry 4.0 (i.e. the 4th wave of the industrial revolution that connects big data and analytics with automation and robotics; cloud computing; and system/software integration to create 'smart factories'). This intelligent machining infrastructure supports high accuracy and high productivity, getting the best out of each machine with no thermal deformation, no collisions, no chatter, and automatic adjustment to the best cutting conditions.

With recent developments in Roboturn and IoT^Q, Marshall has transformed manufacturing to make it smart. IoT^Q (Internet of Things for Quality) is one of the most powerful technology in the world today in the field of CNC Turning Machining which acts like a “PERFORMANCE MULTIPLIER” for each IoT^Q enabled machine, delivering quantum jump in near Zero defect quality with SmartCorrect, Tool insert life optimization with SmartInsert and machine health monitoring & predictive maintenance with SmartChek leading to longer machine life & OME (Overall Machine Efficiency).

Continuous development and expansion of our sales network in all important markets across India reflects the dynamics of our company. We offer our customers top performance and commitment at all levels. A well-thought-through service concept, starting with professional consultation, including documentation for the specific needs right up to remote maintenance via data link, ensures that Marshall Machines always operates reliably and efficiently.

Our key differentiators from our competitors include:

- Extensive experience, strict quality control process to deliver higher productivity & quality products that are produced out of our machines to be exacting standards, in a timely manner.
- Cutting-edge Technology innovation including Super-optimized machines & 'Smart' technologies delivering high-efficiency solutions to the users of CNC Machine Tools.
- Reliability - our patented technologies have stood test of time & score high on reliability and long life.
- Flexibility – we provide wide range of products and technology solutions meeting specific requirements of our customers specially keeping flexibility (ability to change jobs as per the requirements) in mind.

AWARDS & RECOGNITIONS

1. FIE Foundation Award, for the development of 'FOUR Spindle CNC Chucker' in the year 2009;
2. FIE Foundation Award, for the substantial contribution made in the development of ROBOTURN DS 400 DOUBLE SPINDLE CNC CHUCKER in the year 2013.
3. FIE Foundation Award, for the substantial contribution made in the development of MACHINE AUTOMATION INTEGRATION SYSTEM in the year 2015.
4. FIE Foundation Award, for the substantial contribution made in the development of IOTQ: INTERNET OF THINGS FOR QUALITY in the year 2017.

OUR CORPORATE PHILOSOPHY

We do not merely sell CNC Turning Centers but “PROVIDE COMPLETE TURNING SOLUTIONS TO BOOST PRODUCTIVITY & REDUCE COST PER COMPONENT FOR OUR ESTEEMED CUSTOMERS.

MISSION & VISION

Mission

To engage in a collaborative effort with our Customers, Employees & Suppliers to boost **Quality & Productivity** of our machines and enhance **Customer Satisfaction**.

Vision

To become a global brand recognized for manufacturing '**Excellence**', and to be the **first choice** of customers requiring '**Super Precision**' machines tools.

OUR COMPETITIVE STRENGTHS

We believe the following competitive strengths contribute to our success and position us well for future growth:

➤ Intellectual Property & Proprietary Technology

Our patented Double & Four spindle CNC Turning Centers give us a tremendous edge over competitors who generally make & sell standard single spindle machines. Marshall has a strong first mover advantage in developing & commercializing Intelligent Machines and has developed strong barriers to entry by inventing its suite of patent pending technologies including proprietary IoT^Q technologies including SmartCorrect, SmartInsert & SmartChek.

While currently IoT^Q technologies have been commercially applied by us in CNC Turning Machine applications, these technologies have additional tremendous potential to be applied in wider Machine Tools applications. We will focus on expanding the scope of these technologies as these technologies matures and are perfected.

➤ Firm Orders in Hand:

The Company's current aggregate order booking position as on July 19, 2018 is Rs. 5,527.97 lakhs of 188 machines, comprising of the various models of machines i.e. Smartcorrect Gauging Station, Automated Machines (Roboturn), Rapidturn, Twin Spindle (Twinturn), Single Spindle (Rigidturn), CAF Series to various customers i.e. Fanuc, Mitsubishi, Siemens etc.

➤ Intensive R&D for Smart Tech Development:

Our Company has an IoT^Q and Super-optimized machine Technology Demonstration Center at IMT Manesar, Gurugram spread across 10000 sq. foot equipped with latest design and development tools. We also have two R&D divisions located in our two factories in Ludhiana, one focused on development of Super-optimized machines and the second one on development of "Smart" automated Machine Tool Cells.

Our in-house R&D team has developed breakthrough, mechanically and electrically integrated technologies that will change the way companies do business. We strive to exceed conventional limits and deliver reliable, efficient solutions capable of supporting our customers' growth. Our mechanical and electrical engineers work alongside customers to co-engineer products that help prevent downtime, increase efficiency and reduce rejections with a view to growing their business.

➤ **Unique Business Model driving customer relationships by offering quality**

Marshall's product strategy has been developed to address varying customer needs and provide solutions to their pressing manufacturing problems of manufacturing quality, manpower issues and profitability combined with their capex investment ability. This has been made possible through offering early adoption of Marshall's IoTQ enabled Super-Optimized automated CNC machines (RoboTurn), incremental innovations and retrofitting customers' legacy (existing) CNC Machines by integrating Marshall's plug and play *SmartCorrect* gauging stations etc.

➤ **Experienced management team and skilled workforce.**

Our Company has strong leadership with long standing track record complimented by a professional team of functional experts. Further, our Company has in house R&D team and experts, developing a large number of patent pending IoTQ based technologies & product portfolio including technologies such as *SmartCorrect*, *SmartInsert* and *SmartChek*, SmartLoad, SmartChange etc. and integrating these technologies with CNC Turning Machines to transform them into Intelligent & Super-Optimized Machines.

➤ **Value creation opportunity**

New products have been tried and tested and received tremendous feedback from some of the largest Indian auto component manufacturer. Clear path for a significant increase in revenues and EBIDTA margin as expansion provides a platform for substantial value unlocking.

OUR STRATEGIES

➤ **International Growth Opportunities:**

To strengthen our position in the industry in which we operate, we have entered into US through our associate company (to be converted into subsidiary in FY 2018-19), Marshall Automation America Inc. and planning to establish Marshall IoTQ Center in Atlanta, USA within FY 2018-19. Entry in US markets by offering competitiveness of its manufacturing sector by improving Quality & Productivity will help us establish our brand firmly and will help us expand globally.

Due to its unique business model and commercialization of its innovations, Marshall has been able to expand its offering to new customers, new markets and new geographies. While Marshall is focusing on sale of Super-optimized machines integrated with automation and IoT^Q technology solutions within India, we are focusing on sales of plug and play *SmartCorrect* gauging stations embedded with IoT^Q technology solutions in the US markets through our associate company, Marshall Automation America Inc. (MAAI). We expect significant increase in our market share in the CNC machine tool market in India since our newly introduced Super-Optimized machines bundled with IoT^Q makes it a very attractive option for customers as compared to traditional standard single spindle machines offered by other machine manufacturers. Our strategy of offering standalone plug and play *SmartCorrect* gauging stations embedded with IoT^Q technology solutions is likely to help us and our brand establish firmly in the US Machine Tool markets given a very large base of installed CNC machines, purchase of large number of new CNC machines annually and absence of any competitive product comparable with our *SmartCorrect* gauging stations. Once our brand is established, we will start focusing on expanding our product portfolio including Super-Optimized CNC Turning Machines.

➤ **Innovation and Quality Standards**

With increasing market competition, we shall strive for greater innovation in our machines. Our Quality management has the potential to invigorate our machines, process and administrative innovation when strategically aligned with internal contingencies. Innovation offers a great opportunity for our us in improving the quality of business by contributing to profitable growth while ensuring first movers' advantage in IoT^Q & Robotics based innovations extending to wider industrial applications beyond CNC Turning.

➤ **Customer Satisfaction**

Our strategy is to be the best professional and reliable partner, hand in hand developing and growing with our customers, to establish long-term friendly relations of cooperation. We believe communication is the key to open a new business page, and customer's feedbacks and suggestions are precious resources to promote our company's further development.

➤ **Realistic product growth strategy backed by successful product development**

While, our Super-Optimized machines are already being very well received in the market, including by large quality conscious customers, the key growth is expected from IoT^Q based products and technology solutions. CNC Machine market is quite large both within USA and India with over 250,000 and 100,000 existing CNC machine tools equipment installation. Marshall is initially targeting a conservative 1% of these installations by offering replacement of complete CNC machines in India with Marshall's Super-Optimized CNC Machines and retrofitting USA based existing CNC installation with our IoT^Q technology based plug and play devices. As the benefits become visible, increasingly large share of the market is likely to open up to adopt our Super-Optimized and IoT^Q technology products.

➤ **Strong Macroeconomic Tailwinds**

While, the Machine Tool Industry is witnessing robust growth both within India and US, the future of the industry lies in "Digital Data Driven Manufacturing". Machine Tool Equipment without 'INTELLIGENCE' no longer has a future. Complicated production jobs with very tight tolerance are the key requirement today both within India and globally. Product & technology offerings of our Company are at the forefront to offer cost effective solutions to meet these requirements. "Make in India" has opened up strong demand for Machine Tools in India. In USA, use of new alloys and multi-axis machines replacing numerous separate machines and reducing labor input required are translating into strong on-shoring trend for manufacturing. Moreover, strong US dollar is aiding also US manufacturers in capital expenditure purchases. All the above is expected to drive demand for Marshall's CNC Machine products and technology solutions.

OUR PRODUCTS

Computer Numerical Control (CNC) is the automation of machine tools by means of computers executing pre-programmed sequences of machine control commands. This is in contrast to machines that are manually controlled by hand wheels or levers, or mechanically automated by cams alone. CNC machining is a manufacturing process in which pre-programmed computer software dictates the movement of Cutting Tools attached to machine slides. The process can be used to control a range of complex machinery, from grinders and lathes to mills and routers. With CNC machining, three-dimensional cutting tasks can be accomplished in a single set of prompts.

Our CNC Machine Tool Product offerings and IoT^Q based products include:-

1. RAPIDTURN – Double Head Single Slide CNC Turning Centre

This is a Double spindle machine which saves job loading/unloading time & allows 2 setups on one machine. Rapidturn comes in four different models i.e. SL-12(D)XF, DS450, SL-16(D)XF and SL-20(D)XF. Advantages of Rapidturn machines include:

- 1) These machines help in reducing idle time resulting in higher productivity.
- 2) While machining is going on at one head, the operator unloads completed job and clamps fresh job at the second head.
- 3) Linear tooling system used on “Marshall” Double Spindle Machines reduces machining time because of faster positioning of tools.
- 4) Only one operator required & space taken is similar to be one machine.
- 5) Two set ups available on one machine, one half of a job can be completed on one spindle while the second half be completed on other spindle.

2. RIGIDTURN – Extra Heavy Duty CNC Turning Centre

It is a very rigid single spindle machine especially suitable for heavy duty jobs. The biggest Rigidturn has maximum job capacity of 3000 mm length & 2500 Kg weight. Our Design, manufacturing processes & selection of finest machine elements from the renowned manufacturers in the world ensure the (a) Rigidity of Bed & Base (b) Rigidity of Head & Spindle Assembly (c) Rigidity of Tailstock (d) Rigidity of LM Guideways. Rigidturn comes in five different models i.e. SL-20, SL-25, SL-30, SL-40 and SL-50. Advantages of Rigidturn are as follows:

- 1) Heavy rate of metal removal.
- 2) Better surface finish & longer tool life.
- 3) Better positioning repeatability resulting in close tolerances on job.
- 4) Much longer service life with original accuracy.

3. CAF – Super-Optimized Single Spindle CNC Turning Center designed for specific applications

These include three model *Citius*, *Altius* & *Fortius*. These are essentially variants of Marshall's single spindle CNC Turning Centers optimized for specific applications and generally integrated with Marshall developed patent pending IoTQ technology solutions.

This is the fastest compact CNC lathe made in India and perfect solution for Shafts. *Citius* is super optimized for Shafts manufacturing, closed loop with IoTQ solutions and provides more than 30% extra productivity in turning shaft jobs as compared to other comparable products in market.

This is especially suited for highly accurate jobs including 'HARD TURNED' components. *Altius* is super optimized for hard turning, closed loop with IoTQ solutions & SmartChange technology, eliminating separate grinding. Hard turning as a process is around 6 times faster than grinding process.

This is specially developed for Direct machining of CASTINGS & FORGINGS. *Fortius* is super-optimized for forging application, closed loop with Smartchange and third party (Caron, USA) tool monitoring & adaptive control solution and provides 50% extra productivity in direct turning of Forgings & Castings.

4. TWINTURN – Double Head Double Turret CNC Turning Center

The '2 in 1' Turning Centers designed to meet the complex needs of component manufacturers in a cost effective manner. This saves space & manpower. It comes in three different models i.e. Twinturn-6T, Twinturn-8T and Twinturn-12T. Twinturn helps in realizing significant saving in space, manpower and shop floor material movement.

Within TwinTurn family of products, our Company has recently launched TwinTurn Uber, which is a Super-Optimized version of existing TwinTurn products close looped with IoT^Q technologies, and automated material handling capabilities without use of robot (*also known as "SmartLoad"*)

5. ROBOTURN – ‘Smart’ Automated Turning Solutions with IoT^Q

These are fully automated Twin Spindle CNC Turning Center where Integrated Robot performs Loading/unloading, job cleaning & inspection. Roboturn are range of machines with automated robotic solutions - these are generally double/four spindle CNC Turning Centers coupled with Robot for automated operation and material handling and close looped with IoT^Q technologies. These are also offered as integrated "Cells", wherein two or more CNC Machines are integrated with single robot to achieve high speed automated line production of components. The Robotic solution includes:

- a) **Roboturn ‘L-Series’** – These are double or Four Spindle machines with Linear Tooling. These are ideally suited for small jobs having cycle time less than 30 seconds per setup. L-Series comes in two different models i.e. DS-450 and Quattro 4S.
- b) **Roboturn ‘T-Series’** – These are double spindle machines with double turrets. These are most suitable for medium and large sized jobs where cycle time per setup is greater than 30 seconds. T-Series comes in four different models i.e. Twinturn-6TT, Twinturn-8TT, Twinturn-12T and Twinturn XL.

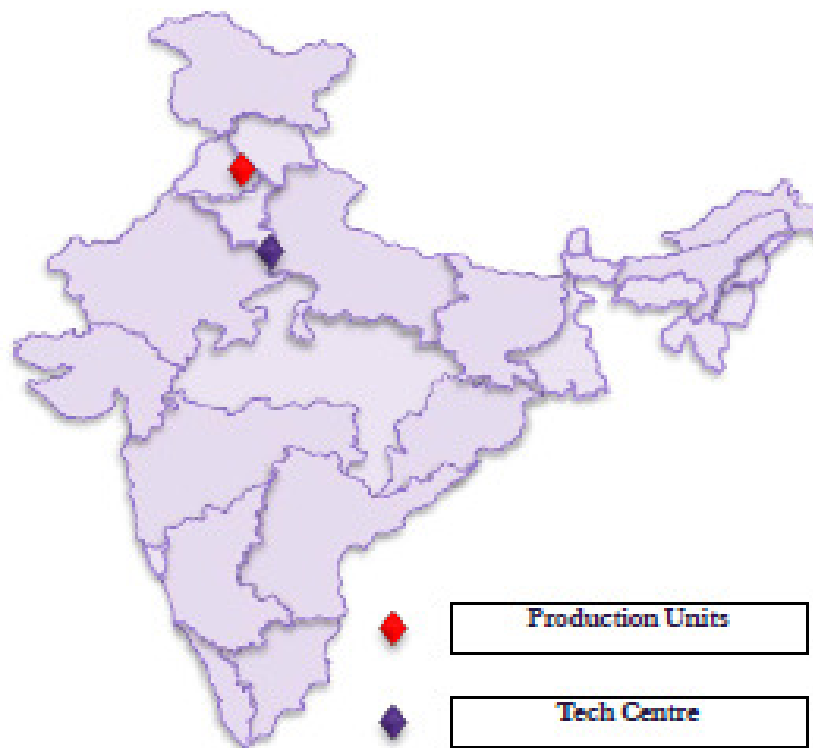

6. IoTQ Technology based standalone Plug & Play Gauging Stations.

The Equipment encompasses various combinations of patent pending proprietary IoT^Q technology solutions developed by Marshall and functions as standalone equipment, capable of being plugged with any standard legacy CNC Turning (including those manufactured by other CNC manufacturers). The equipment monitors quality of manufactured components on real time basis using advance sensors and using IoT^Q technologies, bringing "Intelligence" to the CNC Machines. At heart of IoT^Q technologies are three patent pending technologies - (i) "**SmartCorrect**", which auto correct CNC Machines operating parameters based on statistical proprietary algorithm and quality monitoring of produced components. This enable near zero defect component manufacturing and allow our customers to meet increasingly stringent quality requirements of their customers, (ii) "**SmartInsert**" - which monitors and help optimize life of machine tool on real time basis and (iii) "**SmartChek**" - which monitors the machine health on a daily basis and warns the operational management of any impending breakdown. These solutions are unique in the World and to the best knowledge of the Company, not offered as "Standalone" Plug and Play device by any Company in the World.

OUR INFRASTRUCTURE

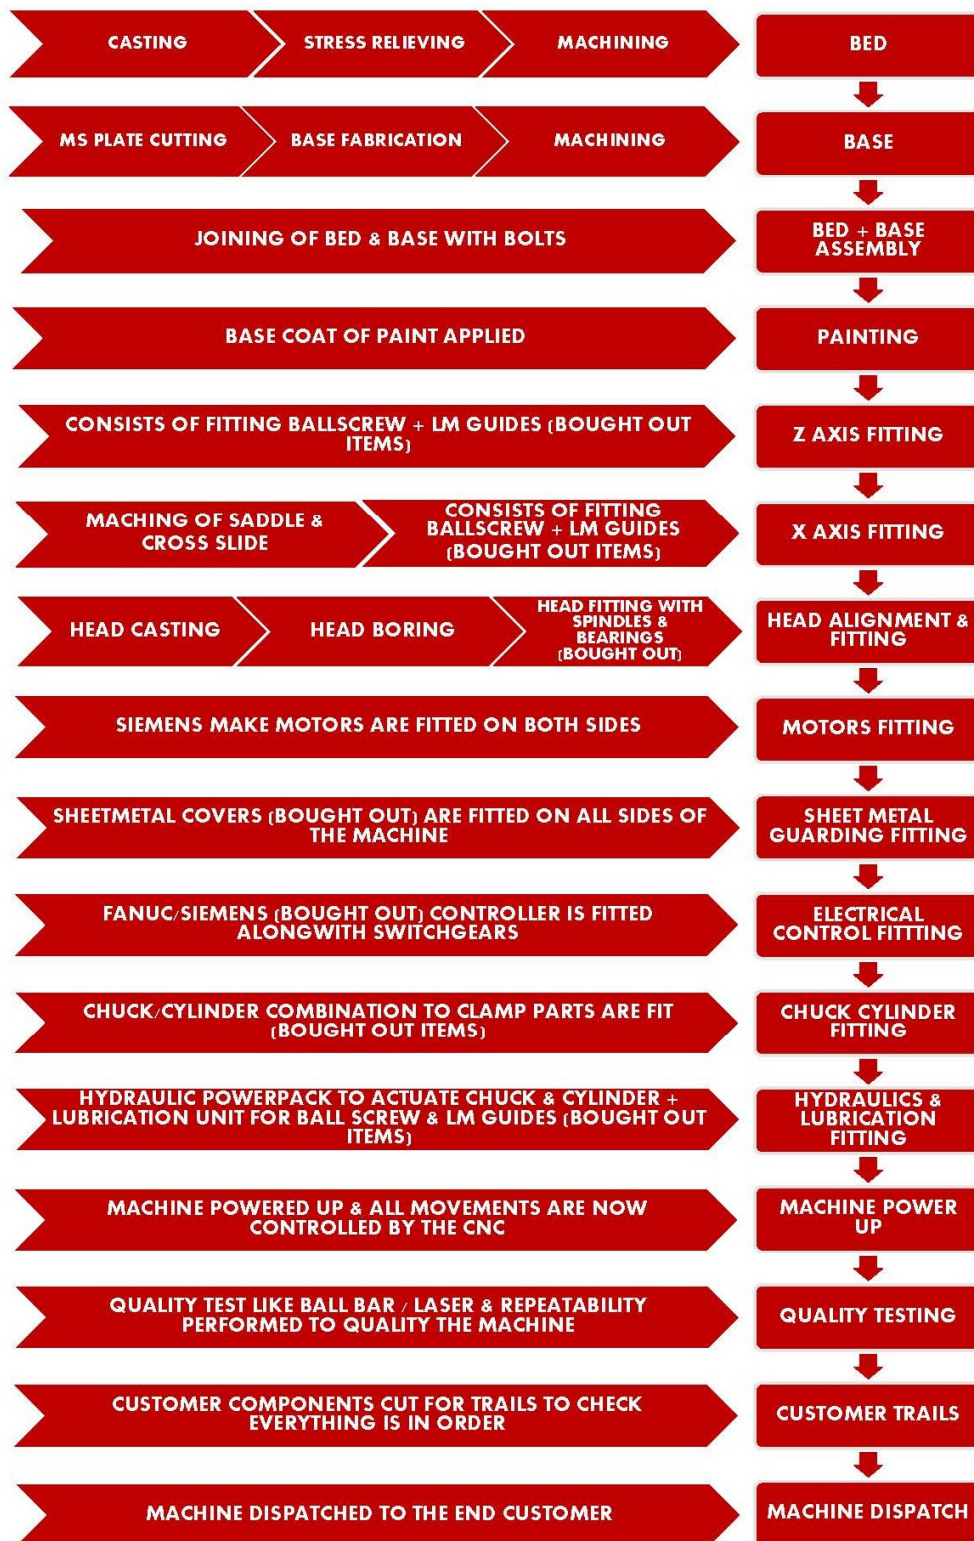

Our company has two manufacturing facilities in Ludhiana, Punjab and a technology center at IMT Manesar, Haryana and has sales and service center in Aurangabad.

MANUFACTURING PROCESS

The products manufactured by our Company typically go through the following procedure: -

OUR R & D UNITS AND MANUFACTURING FACILITIES

Our Company's R & D Unit and manufacturing facilities are located at the following plots of land in Ludhiana, Punjab and IMT Manesar, Haryana:

Particulars	Unit 1 CNC Machines Division	Unit 2 Automated Solutions Division	R & D Unit and IOTQ Center
Land Area (in Sq. meters)	4180.64	2090.32	1000.00

UTILITIES & INFRASTRUCTURE FACILITIES

Our office is equipped with computer systems, servers, relevant software and other communication equipment's, uninterrupted power supply, internet connectivity, security and other facilities, which are required for our business operations to function smoothly.

Material & Components

The basic material and components required for manufacturing CNC Machines are spindle belt, grinding wheel, drill, automation conveyors, ball screw, bearing, C.I Casting, chuck & cylinders, CNC systems, coolant pump, electrical parts, encoder, gauging station material etc. These materials are procured majorly from domestic suppliers. However certain materials are imported from Germany, Italy from companies like Siemens AG, Schneeberger GMBH, Nippon Thompson Co. Ltd., Autogrip Machinery Co. Ltd., Samchully Machinery Co. Ltd., Renishaw UK Sales Ltd., Baruffaldi S.P.A and Algra S.P.A. The suppliers of material are finalized after quality is tested by our Company. Once a supplier is finalized, we give them repeat orders based on our sales assessment. There are no long-term contracts with material suppliers but we do not generally change our suppliers unless there is a major inconsistency in the quality or fluctuation in price.

Material and components are indented based on the orders received from the customers.

Manpower

The manpower requirement for our office including our manufacturing units is 256 as on March 31, 2018. Our manpower is a prudent mix of the experienced and young people which gives us the dual advantage of stability and growth, whereas execution of services within time and quality. Our skilled/semi-skilled/unskilled resources together with our strong management team have enabled us to successfully implement our growth plans.

Power

The requirement of power for our Manufacturing Unit 1 and 2 is met from Punjab State Power Corporation Limited where the sanctioned load is 449.830 KW (549KVA) and 350.00 KW (438KVA) respectively and for our R & D Unit it is met from Dakshin Haryana Bijli Vitran Nigam (DHBVN). Our Company has also backup facility installed at our plants.

Water

The water required for our manufacturing process is relatively low. Water is procured from external water supply agencies operating in the local area where our existing facilities are situated.

PLANT & MACHINERY

Our Company's manufacturing units are situated at C-86, Phase-V, Focal Point, Ludhiana, Punjab- 141010 and D-116A, Phase-V, Focal Point, Ludhiana, Punjab – 141010 and R & D Unit and Tech Center is situated at 75 B, Sector-5, IMT Manesar, Gurugram, Haryana – 122052. Following is the list of major plant & machineries used by us in the manufacturing process:

Sr. No.	Name of Machinery	Qty.

RESEARCH AND DEVELOPMENT

Our Company has R & D team of B-Tech's and Electrical & Electronics Engineers who keep on creating new products and searches the possibilities of extension in the products to maintain the leadership in the industry.

It's our People however that truly define Marshall. It's their passion integrity, loyalty and extensive experience and knowledge that ensure we deliver leading-edge solutions coupled with enduring partnerships. Our Company has a highly motivated Research and Development team which is continuously working to develop affordable IoT plug-n-play smart products for many new applications related to Grinding, Boring, Milling, Gear Cutting etc. Marshall Machines offers a wide range of performance multiplying, plug and produce smart device for CNC Turning Machines in addition to a suite of super optimized, multi axis and automated CNC machines (with a choice of bundled IOTQ features). CNC machining is the most widely used metal cutting technology to make components used in Auto, Aerospace, Defence, Railways & General Engineering industries.

After developing new products, our team actively participates in trade exhibitions related to electronics to introduce our products and obtain feedback from our customers, learning about their needs. At the same time, we collect information about our customer's request and requirements of our product.

SALES AND MARKETING

The efficiency of the marketing and sales network is critical success of our Company. Our success lies in the strength of our long term relationship with the key customers who have been associated with our Company for long. Further, we continuously add new customers based on our product innovation and technology solutions, some of which are unique in India and perhaps globally. Our team focuses on showcasing value proposition of our product line and quick payback that the customer can achieve based on higher productivity and better quality of the manufactured components. Additionally, we reach out to the end customers of the components being manufactured by our CNC turning machines and showcase our product line and technology, which makes near zero defect production possible. Given the focus of these end customers on the stringent quality, it has helped our marketing efforts immensely.

Our marketing team is ready to take up challenge so as to scale new heights. As an ongoing effort of brand building, we participate in major Indian machine tools exhibitions and conferences. We have delivered presentations and presented technical papers at seminars organized by various industry chambers & large OEM manufacturers including prestigious Metro Chamber of Atlanta, USA, Bosch, Hero MotoCorp etc. We regularly arrange training for programmers and operators at our Tech Center and update our customers through meetings, News Letters, Bulletin, updation of new development on website and social media and so on. Our ongoing effort is to coverage various Marketing tools like taking part in an exhibition will converge to virtual presentation of the same on the social media. Newsletter being sent on regular basis not only to existing but even to potential customers for optimum end result and applying proper Marketing Mix to have direct impact on sales and bottom line of the company.

Within Indian markets, we generally market our product through direct sales model. We regularly organize open house at our Technology Demonstration Center at Manesar for at least two days period on a monthly basis, where we call senior representative of our customers as well as their end customers to visit and showcase new products and innovations. Our team also regularly reach out to key decision makers of our customers to show case our products and explain the value proposition. The team focuses on understanding the customer requirement and accordingly propose a relevant technical and commercial solution along with customization as needed. Our team through their relevant experience and good rapport with these customers owing to timely and quality delivery of service plays an instrumental role in retaining and expanding our customer base. To retain our customers, our team regularly interacts with them and focuses on gaining an insight into additional needs of customers. We believe our relationship with our customers is strong and established as we receive repeated orders regularly from them from time to time.

We intend to expand our existing customer base by increasing our presence domestically. We intend to convert our monthly “two day” open house at Technology Center at Manesar to a permanent display of our product and technology, allowing our customers to visit the center at their convenience and “look and feel” on first hand basis. We also plan to set up a new Technology Center with permanent product and technology display in South India

near hub of auto component manufacturing – near equi-distance from Bangalore and Dharwad to cater to a large part of South & West India.

We are also planning to expand to other geographical areas, particularly USA, mainly through dealer/distribution network. While, our management has had a number of meetings with customers and distributors in US in last two years, we have now started setting up US operations and marketing infrastructure. We plan to participate in the 2018's biggest manufacturing technology exhibition (IMTS) in Chicago to be held in September 2018. We will use that opportunity to select dealers/distributors for sale of Marshall Products in US. This will coincide with opening of a Marshall IoTQ Center in Atlanta, US, where we will showcase our IoTQ based products and technology on permanent basis. We will also be connecting with key Managers of top OEM & Tier 1 companies in Automotive & Aerospace sector in south east USA by presenting Paper on 'Advanced Manufacturing' at the annual UIBS (US India Business Summit) in Atlanta during that period. We believe that US entry will pave way for us to grow globally and expand our sales and product technology to a large number of customers and significantly add to our brand value.

ADMINISTRATIVE

Apart from highly skilled workers and expert technocrats on board, the backbone of proficient business operations is the competent and committed administrative team who with their sound understanding of the trade keep the operations smooth while streamlining costs to the company. The role of administrative team involves a great deal of multitasking. They work with teams, oversee the operations, manage groups, coordinate with management and engage in planning according to the needs of our company.

PRODUCTION

The Production team is the backbone, helping our Company sail successfully as a reliable and trustworthy name for its valued customers. Because, it is here where an extra - efficient team of experienced production managers, supervisors and workers pour their energy and complete focus on making processes fast and flawless.

QUALITY CONTROL PERSONNEL

Our Company believes in maintaining high standard of quality for all its products and services with a focus on Quality, Innovation, Productivity and Customized Products and Services. Quality Control personnel having best in the field high quality standards with their precision led performance. Taking every little nuance under consideration, they ensure that only the best and consistent quality products are sent to the market. Our Company is registered as ISO 9001:2008 by Intertek (UK) to design, manufacture and supply of CNC Turning Centres, CNC Turnmill Centres & Double Head CNC Chuckers.

COMPETITION

Our Company is into manufacturing of CNC Turning Machines, which faces competition from domestic as well as international players. Competition emerges not only from the organized and unorganized sector but also from small and big players. Its competitiveness depends on several factors including product innovation, quality, price and customer service. Internationally, competition typically comes from low-cost operations in other emerging countries.

We compete with our competitors on the basis of product innovation; return on investment, product quality, price and reliability, application support and after sales service. We continuously strive to improve our product line, innovate and have been able to offer unique products creating a niche for our Company particularly with tier 1 and 2 component manufactures as our machines are known for higher productivity, better ROI and near zero defect production.

While, our machine price tend to be slightly at premium over other domestic machine tool manufacturers, we intend to beat the competition by providing total solution in terms innovation, application, faster pay back of

investment, lower total cost of ownership, better return on investment, lower space and manpower requirement and best in class service support to our valued customers. We intend to continue compete to capture more market share and manage our organic growth in an optimal way by improving our satisfying customer demands, achieving operating efficiencies, and so on.

Some of our major domestic competitors are: -

- a) Ace Designers Limited
- b) Batliboi Limited
- c) Jyoti CNC Automation Limited
- d) MacPower CNC Machines Limited
- e) Lokesh Machines Limited

The following description is a summary of various sector-specific laws and regulations in India, which are applicable to our Company. The information below has been obtained from publications in the public domain. It may not be exhaustive, and is only intended to provide general information and is neither designed nor intended to substitute for professional legal advice.

The statements below are based on current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. For details of government approvals obtained by us, see the chapter titled “Government and Other Statutory Approvals” beginning on page 237 of this Draft Prospectus.

RELATED TO OUR BUSINESS

THE INDIAN CONTRACT ACT, 1872

The Contract Act is the legislation which lays down the general principles relating to formation, performance and enforceability of contracts. The rights and duties of parties and the specific terms of agreement are decided by the contracting parties themselves, under the general principles set forth in the Contract Act. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

FOREIGN EXCHANGE MANAGEMENT ACT, 1999

The Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 (“FEMA Regulations”) to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

The Central Government is empowered to constitute authority or authorities for the purpose of exercising of performing such of the powers and functions, appoint a person for inspection, for analysis or samples and for selection or notification of environmental laboratories. Such person or agency has power to inspect or can enter in the premises or can take samples for analysis.

THE AIR (PREVENTION AND CONTROL OF POLLUTION) ACT, 1981 (“Air Act”)

Pursuant to the provisions of the Air Act, any person, establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant State Pollution Control Board prior to establishing or operating such industrial plant. The State Pollution Control Board is required to grant consent within a period of four months of receipt of an application, but may impose conditions relating to pollution control equipment to be installed at the facilities. No person operating any industrial plant in any air pollution control area is permitted to discharge the emission of any air pollutant in excess of the standards laid down by the State Pollution Control Board. The penalties for the failure to comply with the above requirements include imprisonment of up to six years and the payment of a fine as may be deemed appropriate. Under the Air Act, the Central Board for the Prevention and Control of Water Pollution has powers, inter alia, to specify standards for quality of air, while the State Board for the Prevention and Control of Water Pollution have powers, inter alia, to inspect any control equipment, industrial plant or manufacturing process, to advise the State Government with respect to the suitability of any premises or location for carrying on any industry and to obtain information from any industry.

THE WATER (PREVENTION AND CONTROL OF POLLUTION) ACT, 1974 (“Water Act”)

The Water Act aims to prevent and control water pollution as well as restore water quality by establishing and empowering the Central Pollution Control Board and the State Pollution Control Boards. Under the Water Act, any person establishing any industry, operation or process, any treatment or disposal system, use of any new or altered outlet for the discharge of sewage or new discharge of sewage, must obtain the consent of the relevant State Pollution Control Board, which is empowered to establish standards and conditions that are required to be complied with. In certain cases, the State Pollution Control Board may cause the local Magistrates to restrain the activities of such person who is likely to cause pollution. Penalty for the contravention of the provisions of the Water Act include imposition of fines or imprisonment or both.

The Central Pollution Control Board has powers, inter alia, to specify and modify standards for streams and wells, while the State Pollution Control Boards have powers, inter alia, to inspect any sewage or trade effluents, and to review plans, specifications or other data relating to plants set up for treatment of water, to evolve efficient methods of disposal of sewage and trade effluents on land, to advise the State Government with respect to the suitability of any premises or location for carrying on any industry likely to pollute a stream or a well, to specify standards for treatment of sewage and trade effluents, to specify effluent standards to be complied with by persons while causing discharge of sewage, to obtain information from any industry and to take emergency measures in case of pollution of any stream or well. A central water laboratory and a state water laboratory have been established under the Water Act.

LAWS RELATING TO EMPLOYMENT AND LABOUR

FACTORIES ACT, 1948

This Act came into force on 1st April, 1949 and extends to the whole of India, including Jammu and Kashmir. It has been enacted to regulate working conditions in factories and to ensure the provision of the basic minimum requirements for safety, health and welfare of the workers as well as to regulate the working hours, leave, holidays, employment of children, women, etc. It ensures annual leaves with wages, provides additional protection from hazardous processes, additional protection to women workers and prohibition of employment of children.

MINIMUM WAGES ACT, 1948

This Act aims to make provisions for statutory fixation of minimum rates of wages in scheduled employment wherein labour is not organized. It seeks to prevent the exploitation of workers and protect their interest in the 'sweated industries'. Wage fixing authorities have been guided by the norms prescribed by the Fair Wage Committee in the settlement of issues relating to wage fixation in organized industries. The Act contemplates the minimum wage rates must ensure not only the mere physical needs of a worker which keeps them just above starvation level, but must ensure for him and his family's subsistence, and also to preserve his efficiency as a worker.

PAYMENT OF GRATUITY ACT, 1972

The Payment of Gratuity Act, 1972 ("Act") was enacted with the objective to regulate the payment of gratuity, to an employee who has rendered for his long and meritorious service, at the time of termination of his services. A terminal Lump sum benefit paid to a worker when he or she leaves employment after having worked for the employer for a prescribed minimum number of years is referred to as "gratuity." The provisions of the Act are applicable to all the factories. The Act provides that within 30 days of opening of the establishment, it has to notify the controlling authority in Form A and thereafter whenever there is any change in the name, address or change in the nature of the business of the establishment a notice in Form B has to be filed with the authority. The Employer is also required to display an abstract of the Act and the rules made there-under in Form U to be affixed at the or near the main entrance. Further, every employer has to obtain insurance for his Liability towards gratuity payment to be made under Payment of Gratuity Act 1972, with Life Insurance Corporation or any other approved insurance fund.

PAYMENT OF BONUS ACT, 1965

The Payment of Bonus Act, 1965 is applicable to every establishment employing 20 or more employees. The said Act provides for payment of the minimum bonus to the employees specified under the Act. It further requires the maintenance of certain books and registers such as the register showing computation of the allocable surplus; the register showing the set on & set off of the allocable surplus and register showing the details of the amount of Bonus due to the employees. Further it also requires for the submission of Annual Return in the prescribed form (Form D) to be submitted by the employer within 30 days of payment of the bonus to the Inspector appointed under the Act.

CHILD LABOUR (PROHIBITION AND REGULATION) ACT, 1986

This statute prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulation of employment of children in all other occupations and processes. Under this Act the employment of child labour in the building and construction industry is prohibited.

INDUSTRIAL DISPUTES ACT, 1947

The Industrial Disputes Act 1947 lays down the machinery and procedure for investigation, settlement and resolution of Industrial disputes in what situations a strike or lock-out becomes illegal and what are the requirements for laying off or retrenching the employees or closing down the establishment. When a dispute exists or is apprehended, the appropriate Government may refer the dispute to a labour court, tribunal or arbitrator, to prevent the occurrence or continuance of the dispute, or a strike or lock-out while a proceeding is pending. The labour courts and tribunals may grant appropriate relief including ordering modification of contracts of employment or reinstatement of workmen.

WORKMEN'S COMPENSATION ACT 1923

This Act came into force on April 01, 1924. It aims at providing financial protection to workmen and their dependents in case of accidental injury by means of payment of compensation by the employers. However, here the employer shall not be liable in respect of any injury that does not result in the total or partial disablement of the workmen for a period exceeding 3 days in respect of any injury not resulting in death, caused by an accident which was due to the reason that workman was under the influence of drugs, or due to his willful disobedience of an order expressly given to him, or a willful removal or disregard of any safety device by the workmen, or when the employee has contracted a disease which is not directly attributable to a specific injury caused by the accident or to the occupation.

THE EMPLOYEES PROVIDENT FUNDS AND MISCELLANEOUS PROVISIONS ACT, 1952 *("Employees Provident Fund and Miscellaneous Provisions Act")*

The Employees' Provident Funds and Miscellaneous Provisions Act, 1952 is a social welfare legislation to provide for the institution of Provident Fund, Pension Fund and Deposit Linked Insurance Fund for employees working in factories and other establishments. The Act aims at providing social security and timely monetary assistance to industrial employees and their families when they are in distress.

The Act is administered by the Government of India through the Employees' Provident Fund Organization (EPFO). The following three schemes have been framed under the Act by the Central Government:

- (a) he Employees' Provident Fund Schemes, 1952;
- (b) The Employees' Pension Scheme, 1995; and
- (c) The Employees' Deposit-Linked Insurance Scheme; 1976.

The Central Government has been constituted Employees' Provident Funds Appellate Tribunal to exercise the powers and discharge the functions conferred on such by Employees' Provident Funds and Miscellaneous Provisions Act, 1952.

THE EMPLOYEES' STATE INSURANCE ACT, 1948

The Employees' State Insurance Act, 1948, as amended ("ESI Act") applies to all factories that are non-seasonal in nature and establishments that are notified by the appropriate government in consultation with the Central Government from time to time. The ESI Act provides for a need based social insurance scheme under which the employer and the employee must contribute certain percentage of the monthly wage as prescribed by the Central Government from time to time to the Employees State Insurance Corporation established under the ESI Act. In case the contribution is not paid by the principal employer as per the provisions of the ESI Act, the principal employer shall be liable to pay simple interest at the rate of 12 % p.a. or at such higher rate as may be specified in the ESI Act and the rules thereunder till the date of its actual payment. The ESI Act provides for benefits to employees in case of sickness, maternity and employment injury. However, where an employee is covered under the ESI scheme, (a) compensation under the Workmen's Compensation Act, 1923 cannot be claimed in respect of employment injury; and (b) benefits under the Maternity Benefits Act, 1961 cannot be claimed. In addition, the employer is also required to register himself under the ESI Act and maintain prescribed records and registers in addition to filing of forms with the concerned authorities.

THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013 (“SHWW ACT”)

The SHWW Act provides for the protection of women at work place and prevention of sexual harassment at work place. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behavior namely, physical contact and advances or a demand or request for sexual favour or making sexually colored remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e. a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs. 50,000/- (Rupees Fifty Thousand Only).

INTELLECTUAL PROPERTY LAWS

TRADEMARKS ACT, 1999

A trademark is used in relation to goods so as to indicate a connection in the course of trade between the goods and a person having the right as proprietor or user to use the mark. The Trademarks Act, 1999, (Trademarks Act) governs the registration, acquisition, transfer and infringement of trademarks and remedies available to a registered proprietor or user of a trademark. Registration is valid for a period of 10 years but can be renewed in accordance with the specified procedure.

As per the Trademarks (Amendment) Bill, 2009, Registrar of Trade Marks is empowered to deal with international applications originating from India as well as those received from the International Bureau and maintain a record of international registrations. It also removes the discretion of the Registrar to extend the time.

THE PATENTS (AMENDMENT) ACT, 2005

A patent is a government license that gives the holder exclusive rights to a process, design or new invention for a designated period of time. The Patents Act, 1970, (The Principal Act) governs the registration, acquisition, transfer and infringement of patents and remedies available to a registered proprietor or user of a patent. It extends to whole of India. The history of Patent law in India starts from 1911 when the Indian Patents and Designs Act, 1911 was enacted. The present Patents Act, 1970, along with the Patents Rules 1972 came into force on 20th April 1972, amending and consolidating the existing law relating to Patents in India. The Patents Act, 1970 was again amended by the Patents (Amendment) Act, 2005, wherein product patent was extended to all fields of technology including food, drugs, chemicals and microorganisms.

PROPERTY RELATED LAWS

TRANSFER OF PROPERTY ACT, 1882

The transfer of property, including immovable property, between living persons, as opposed to the transfer of property by the operation of law, is governed by the Transfer of Property Act, 1882 (“T.P. Act”). The T.P. Act establishes the general principles relating to the transfer of property including among other things identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property.

THE INDIAN STAMP ACT, 1899

Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. The Indian Stamp Act, 1899 (the “Stamp Act”) provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule I of the Stamp Act. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the state. Instruments chargeable to duty under the Stamp Act but which have not been duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments by certain specified authorities and bodies and imposition of 138 penalties, for instruments which are not sufficiently stamped or not stamped at all. Instruments which have not been properly stamped instruments can be validated by paying a penalty of up to 10 times of the total duty payable on such instruments.

TAXATION & DUTY LAWS

THE CENTRAL GOODS AND SERVICES TAX ACT, 2017 (GST)

GST is a single tax on the supply of goods and services, right from the manufacturer to the consumer. Credits of input taxes paid at each stage will be available in the subsequent stage of value addition, which makes GST essentially a tax only on value addition at each stage. The final consumer will thus bear only the GST charged by the last dealer in the supply chain, with set-off benefits at all the previous stages.

INCOME TAX ACT, 1961

The Income Tax Act, 1961 deals with the taxation of individuals, corporate, partnership firms and others. As per the provisions of this Act the rates at which they are required to pay tax is calculated on the income declared by them or assessed by the authorities, after availing the deductions and concessions accorded under the Act. The maintenance of Books of Accounts and relevant supporting documents and registers are mandatory under the Act. Filing of returns of Income is compulsory for all assesses.

ANNEXURE – IV: Basis of Preparation and Significant Accounting Policies and Practices of the Restated Standalone Financial Statements for the years ended 31st March 2018, 2017, 2016, 2015 and 2014.

1) Company Overview

The Company is engaged in the business of developing, manufacturing and marketing of Machine Tool Equipment including wide range of single spindle, patented double and four spindle CNC machines, automated robotic solutions.

2) Basis of Preparation of Financial Statement

1. The Restated Standalone Financial Statements of Assets and Liabilities of the Company as at 31st March, 2018, 2017, 2016, 2015 and 2014 and the related Restated Standalone Statement of Profit and Loss and Cash Flows for the year ended on 31st March, 2018, 2017, 2016, 2015 and 2014 (collectively referred to as “Restated Standalone Financial Information”) have been prepared specifically for the purpose of inclusion in the Draft Prospectus - Prospectus to be filed by the Company with the Stock Exchange / Securities and Exchange Board of India (SEBI) / Registrar of Companies (ROC) in connection with the proposed Initial Public Offering (hereinafter referred to as ‘IPO’).
2. The Restated Standalone Financial Information has been prepared by applying necessary adjustments to:
 - a. the Standalone Financial Statements (‘financial Statement’) of the Company for the years ended 31st March, 2018, 2017, 2016, 2015 and 2014 prepared and presented under the historical cost convention, except for certain financial instruments which are measured at fair value, using the accrual system of accounting in accordance with the generally accepted accounting principles in India (‘Indian GAAP’), the provisions of the Companies Act, 1956 (up to 31st March 2014), and notified sections, schedules and rules of the Companies Act, 2013 (with the effect from 1st April 2014), including the Accounting Standards as prescribed by the Companies (Accounting Standards) Rules, 2006 as per the Section 211(3C) of the Companies Act, 1956 (which are deemed to be applicable as Section 133 of the Companies Act, 2013, (‘the Act’)) read with Rule 7 of Companies (Accounts) Rules, 2014, to the extent applicable and in the manner so required, and;
 3. With effect from 1st April 2014, Schedule III notified under the Act, has become applicable to the company for the preparation and presentation of its financial statements. Accordingly, previous year’s figures have been regrouped/reclassified wherever applicable. Appropriate reclassification/regrouping have been made in the Restated Standalone Financial information wherever required, to corresponding items of income, expenses, assets and liabilities, in order to bring them in line with the presentation and recognition as per the audited financial statements of the Company and the requirement of SEBI Regulations. The financial statements are prepared in Indian rupees round off to the nearest Lakh.

3) Significant Accounting Policies

1. Operating Cycle

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalent.

2. Revenue Recognition

Revenue (Income) is recognized on accrual basis when no significant uncertainty as to measurability or collect ability exists.

Revenue has been recognized on sales excluding of any taxes and including of any other receipts or income on account of exchange fluctuations and claims receivables.

3. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognized in the current and future periods.

3. Inventory

Raw Material is valued at Cost. Stock-in-Progress Finished Goods are valued at cost or net realizable value whichever is lower.

4. Fixed Assets

Fixed Assets are stated at cost less accumulated depreciation and impairments, if any. The cost includes cost of acquisition/construction, installation.

5. Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets have been provided on Written Down Value method as per the useful life prescribed in Schedule II to the Companies Act, 2013 effective from 1st April 2014 and depreciation on tangible fixed assets upto 31st March 2014 was provided at the rates and manner prescribed in schedule in Schedule XIV of the Companies Act, 1956.

6. Taxation

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognized as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will fructify. Deferred tax expenses or benefit is recognized on timing differences beings the difference between taxable income and accounting income tax originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognized only to the extent that there is virtual certainty that sufficient future taxable income will be available to release such assets. In other situations, deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realize these assets.

Advance taxes and provisions for current income taxes are presented in the balance sheet after off-setting advance taxes paid and income tax provisions arising in the same tax jurisdiction for relevant taxpaying units and where the Company is able to and intends to settle the asset and liability on a net basis.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

7. Borrowing Cost

As per Accounting Standard -16, borrowing cost attributable to the acquisition of fixed assets is capitalized as part of the cost of fixed assets till the date it is put to use. Other borrowing cost is recognized as expenditure in the period in which they are accrued.

8. Impairment of Assets

At each balance sheet date, the management reviews the carrying amounts of its assets included in each case generating unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

Reversal of impairment loss is recognized immediately as income in the statement of profit and loss.

9. Earnings per share

The company reports basic and diluted earnings per share (EPS) in accordance with the Accounting Standard 20(AS-20) issued by the Institute of Chartered Accountants of India. The basic EPS is computed by dividing the net profit or loss for the year by weighted average number of equity shares outstanding, during the accounting period. Diluted earnings per equity share are computed by using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

10. Foreign currency transactions

Transactions denominated in foreign currency are recorded at the exchange rate prevailing on the date of the transaction.

Assets and liabilities denominated in foreign currency are converted at the exchange rates prevailing as at the balance sheet date. Exchange differences other than those relating to acquisition of fixed assets are recognized in the statement of profit and loss. Exchange differences relating to purchase of fixed assets are adjusted to the carrying cost of fixed assets

11. Provisions, Contingent liabilities and Contingent assets

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet and adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

12. **Related Party Transactions**

Disclosure is being made separately for all the transactions with related parties as specified under Accounting Standard 18, issued by the Institute Chartered Accountants of India.

13. **Micro, Small & Medium Enterprises Development Act, 2006**

The Company has not received any memorandum (as required to be filed by the suppliers with the notified authority under the Micro, Small and Medium Enterprises Development Act, 2006) claiming their status as Micro, Small and Medium Enterprises. Consequently the amount paid/ payable to these parties during the year is not ascertainable. Consequently, as of now, it is neither possible for the Company to ascertain whether payment to such enterprises has been made within 45 days from the date of acceptance of supply of goods or services rendered by a supplier nor to give the relevant disclosures as required under the Act. This has been relied upon by the auditors.

* The Company does not have any diluted potential Equity Shares. Consequently the basic and diluted profit/earning per share of the company remain the same.

Notes :

1) The ratios have been calculated as below:

a) Basic Earnings Per Share (Rs.) = Restated PAT attributable to Equity Shareholders/ Weighted Average Number of Equity Shares outstanding during the six months/year.

b) Diluted Earnings Per Share (Rs.) = Restated PAT attributable to Equity Shareholders/ Weighted Average Number of Diluted Potential Equity Shares outstanding during the six months/year.

c) Return on Net Worth (%) = Restated PAT attributable to Equity Shareholders/ Net Worth X 100

d) Restated Net Asset Value per equity share (Rs.) = Restated Net Worth as at the end of the six months/year/ Total Number of Equity Shares outstanding during the six months/year.

2) Weighted Average Number of equity shares is the number of equity shares outstanding at the beginning of the year adjusted by the number of equity shares issued during the year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion to total number of days during the year. Further, number of shares are after considering impact of the bonus shares in the ratio of 4 bonus share for 1 fully paid up equity share to the existing shareholders (Allotted on 25-05-2018) , an issue without consideration, treating the said issue as if it had occurred prior to the beginning of the year 2013-14, the earliest period reported.

3) Earnings Per Share calculation are in accordance with Accounting Standard 20- Earnings Per Share, notified under the Companies (Accounting Standards) Rules 2006, as amended.

4) Net Worth = Equity Share Capital + Reserve and Surplus (including surplus in the Statement of Profit & Loss) - Intangible Assets except Computer Softwares

5) The figures disclosed above are based on the Restated Standalone Financial Statements of the Company.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of our financial condition and results of operations should be read in conjunction with our restated financial statements as of and for the years ended March 31, 2018, 2017, 2016, 2015 and 2014 prepared in accordance with the Companies Act, 2013 and Companies Act, 1956 to the extent applicable and Indian GAAP and restated in accordance with the SEBI ICDR Regulations, including the schedules, annexure and notes thereto and the reports thereon, included in “Financial Statements” beginning on page 177 of this Draft Prospectus.

Indian GAAP differs in certain material respects from U.S. GAAP and IFRS. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Prospectus, nor do we provide a reconciliation of our financial statements to those under U.S. GAAP or IFRS. Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with the Companies Act, Indian GAAP and the SEBI ICDR Regulations.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward-looking statements as a result of certain factors such as those set forth in “Risk Factors” and “Forward-Looking Statements” beginning on pages 20 and 19 respectively, of this Draft Prospectus.

COMPANY OVERVIEW

Our Company was incorporated on May 23, 1994 as a private limited company under the provisions of Companies Act, 1956 with Registrar of Companies, Punjab, H.P. & Chandigarh in the name and style of V. B. Spinning Mills Private Limited. The Company's name was changed to Marshall Machines Private Limited on January 02, 2002. Thereafter the control & management of the Company was completely taken over by Mr. Gaurav Sarup and Mr. Prashant Sarup in February 2002 along with their father Late Shri Gautam Sarup.

Our Company is in the business of developing, manufacturing and marketing of Machine Tool Equipment. The business was originally founded by Mr. Gautam Sarup, who set up the business in the name and style of “Marshall Industries” more than 54 year ago to initially manufacture hosiery machines. In coming years, the business moved to design & manufacture of high precision Bench Lathes, Heavy Duty Lathes & Capstan Lathes, thousands of which were sold all over the country. The firm became known brand in the design and manufacture of high precision bench lathes, heavy duty lathes & capstan lathes. It was amongst first Indian CNC Machine manufacturers and launched CNC Machines way back in 1998.

Later, Mr. Gautam Sarup was joined in the business by his sons, Gaurav Sarup & Prashant Sarup (“Promoters”) after completing their engineering education. As a team, they grew the product range to include All Geared Lathes, Multi Spindle Drilling/Tapping Machines & Special Purpose Machines.

BUSINESS OVERVIEW

Marshall Machines Limited is in the business of developing, manufacturing and marketing of Machine Tool Equipment including wide range of single spindle, patented double and four spindle CNC machines, automated robotic solutions and patent pending IoT suite of intelligent equipment. Moreover, our company sells machine parts of the manufactured machines as well to existing machinery buyers.

Technology is all around us and it has changed our lives and industries smarter, safer, and more convenient. As technology further leads us, intelligent machines are now becoming a reality. Over the past decade, Marshall has been a driving force behind innovation in Indian machine tool industry, automated solutions & smart technologies to solve the major problems of manufacturers and help improve productivity & profits. Our company has spent the past decade continuously improving its manufacturing operations and enhancing its technology to be able to immediately address

its customers' changing needs. In today's competitive 24/7 manufacturing world where demands are high and increased quality, efficiency and productivity are critical for success, manufacturers need a machine manufacturer that can deliver what they need, when they need it. Marshall Machines has become a domestic leader in reliable automated turning solutions because of its passion for innovation and overall commitment to the manufacturing industry gives customers constant access to new, cutting-edge solutions, while further solidifying its position as a leading provider of innovative, productive machine tools and systems.

We are providing our product offering and solutions to wide range of industries including manufacturers of Axles, Crankshafts, Auto Parts, Fans, Pumps, Bearings, Gear Blanks, Bushes, etc. Our machines are known for reliability and quality. Innovative technology, quality manufacturing and complete service and support are part & parcel of the Marshall experience. By utilizing the latest in automation technology, Marshall can respond to specific customer requirements and provides the most efficient machining solutions in the market. By using Marshall automated Turning Centers our customers have cut costs, increased productivity, and, at the end of the day, have more saleable components on the floor, for less cost.

- Right to receive offers for rights shares and be allotted bonus shares, if announced;
- Right to receive surplus on liquidation; Right of free transferability; and
- Such other rights, as may be available to a shareholder of a listed public company under the Companies Act and the Memorandum and Articles of Association of the Company.

MINIMUM APPLICATION VALUE, MARKET LOT AND TRADING LOT

As per the provisions of the Depositories Act, 1996 & regulations made thereunder and Section 29(1) of the Companies Act, 2013, the equity shares of a body corporate can be in dematerialized form i.e. not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the NSE from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares subject to a minimum allotment of [●] Equity Shares to the successful Applicants terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

MINIMUM NUMBER OF ALLOTTEES

The minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within 6 working days of closure of Issue.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

NOMINATION FACILITY TO INVESTOR

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with section 72 of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may, at any time, give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 days, the Board may, thereafter, withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

MINIMUM SUBSCRIPTION

In the event our Company does not receive a minimum subscription of 100% of the Issue, subject to the Issue being made for at least 25% of the post-Issue paid up Indian Equity Share capital of our Company, in accordance with Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, including devolvement to the Underwriters within 60 days from the Issue Closing Date, we shall forthwith refund the entire subscription amount received not later than 70 days from the Issue Closing Date. If there is a delay beyond eight days after the expiry of 70 days from the Issue Closing Date, the Directors of our Company who are officers in default shall jointly and severally be liable to repay the money with such interest as prescriber under section 39(3) of the Companies Act, 2013 and Companies (Prospectus and Allotment of Securities) Rules, 2014. Further Section 39(5) states that in case of default under section 39(3), the Company and its officers who are in default shall be liable to a penalty of Rs. 1,000 for each day during which the default continues or Rs. 1,00,000, whichever is less.

Additionally, section 40(3) of the 2013 Act requires application money to be refunded in the event of failure to Allot Equity Shares for any other reason. If a default is made in complying with the provisions of this section the Company shall be punishable with a fine which shall not be less than Rs. 5,00,000, but which may extend to Rs. 5,000,000 and every officer of the Company who is in default shall be punishable with imprisonment for a term which may extend to one year or with fine which shall not be less than Rs. 50,000 but which may extend to Rs. 3,00,000 or with both.

MIGRATION TO MAIN BOARD

Our company may migrate to the main board of National Stock Exchange of India Limited at a later date subject to the following:

- a) If the Paid-up Capital of our Company is likely to increase above Rs. 25 crore by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), our Company shall apply to NSE for listing of its shares on its Main Board subject to the fulfillment of the eligibility criteria for listing of specified securities laid down by the Main Board.

APPLICATIONS BY ELIGIBLE FIIs/FPIs

On January 07, 2014, SEBI notified the SEBI FPI Regulations pursuant to which the existing classes of portfolio investors namely “foreign institutional investors” and “qualified foreign investors” will be subsumed under a new category namely “foreign portfolio investors” or “FPIs”. RBI on March 13, 2014 amended the FEMA Regulations and laid down conditions and requirements with respect to investment by FPIs in Indian companies.

In terms of the SEBI FPI Regulations, any qualified foreign investor or FII who holds a valid certificate of registration from SEBI shall be deemed to be an FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or a sub-account may participate in this Offer, in accordance with Schedule 2 of the FEMA Regulations, until the expiry of its registration with SEBI as an FII or a sub-account. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations. Further, a qualified foreign investor who had not obtained a certificate of registration as and FPI could only continue to buy, sell or otherwise deal in securities until January 06, 2015. Hence, such qualified foreign investors who have not registered as FPIs under the SEBI FPI Regulations shall not be eligible to participate in this Offer. In case of Applications made by FPIs, a certified copy of the certificate of registration issued by the designated depository participant under the FPI Regulations is required to be attached to the Application Form, failing which our Company reserves the right to reject any application without assigning any reason. An FII or subaccount may, subject to payment of conversion fees under the SEBI FPI Regulations, participate in the Offer, until the expiry of its registration as a FII or sub-account, or until it obtains a certificate of registration as FPI, whichever is earlier. Further, in case of Applications made by SEBI-registered FIIs or subaccounts, which are not registered as FPIs, a certified copy of the certificate of registration as an FII issued by SEBI is required to be attached to the Application Form, failing which our Company reserves the right to reject any Application without assigning any reason. In terms of the SEBI FPI Regulations, the offer of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10.00% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10.00% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24.00% of the paid-up Equity Share capital of our Company. The aggregate limit of 24.00% may be increased up to the sectorial cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included. The existing individual and aggregate investment limits an FII or sub account in our Company is 10.00% and 24.00% of the total paid-up Equity Share capital of our Company, respectively. As per the circular issued by SEBI on November 24, 2014, these investment restrictions shall also apply to subscribers of offshore derivative instruments (“ODIs”). Two or more subscribers of ODIs having a common beneficial owner shall be considered together as a single subscriber of the ODI. In the event an investor has investments as a FPI and as a subscriber of ODIs, these investment restrictions shall apply on the aggregate of the FPI and ODI investments held in the underlying company. FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client’ norms. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority.

FPIs who wish to participate in the Offer are advised to use the Application Form for Non-Residents (blue in colour). FPIs are required to apply through the ASBA process to participate in the Offer.

AS PER THE CURRENT REGULATIONS, THE FOLLOWING RESTRICTIONS ARE APPLICABLE FOR INVESTMENTS BY FPIs:

APPLICATIONS BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURE CAPITAL FUNDS AND FOREIGN VENTURE CAPITAL INVESTORS

The SEBI (Venture Capital) Regulations, 1996 and the SEBI (Foreign Venture Capital Investor) Regulations, 2000 prescribe investment restrictions on venture capital funds and foreign venture capital investors registered with SEBI. As per the current regulations, the restrictions are applicable for SEBI registered venture capital funds and foreign venture capital investors:

Accordingly, the holding by any individual venture capital fund registered with SEBI in one company should not exceed 25% of the corpus of the venture capital fund; a Foreign Venture Capital Investor can invest its entire funds committed for investments into India in one company. Further, Venture Capital Funds and Foreign Venture Capital Investor can invest only up to 33.33% of the funds available for investment by way of subscription to an Initial Public Offer.

The SEBI (Alternative Investment Funds) Regulations, 2012 prescribes investment restrictions for various categories of AIF's.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to a further public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulations.

Our Company or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing this, our Company reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY INSURANCE COMPANIES

In case of applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company reserves the right to reject any application, without assigning any reason thereof.

The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2000, as amended (the “IRDA Investment Regulations”), are broadly set forth below:

- a. Equity shares of a company: the least of 10% of the investee company’s subscribed capital (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b. The entire group of the investee company: the least of 10% of the respective fund in case of a life insurer or 10% of investment assets in case of a general insurer or reinsurer (25% in case of ULIPS); and
- c. The industry sector in which the investee company operates: 10% of the insurer’s total investment exposure to the industry sector (25% in case of ULIPS).

In addition, the IRDA partially amended the exposure limits applicable to investments in public limited companies in the infrastructure and housing sectors on December 26, 2008, providing, among other things, that the exposure of an insurer to an infrastructure company may be increased to not more than 20%, provided that in case of equity investment, a dividend of not less than 4% including bonus should have been declared for at least five preceding years. This limit of 20% would be combined for debt and equity taken together, without sub ceilings.

Further, investments in equity including preference shares and the convertible part of debentures shall not exceed 50% of the exposure norms specified under the IRDA Investment Regulations.

APPLICATIONS BY BANKING COMPANIES

Applications by Banking Companies: In case of Applications made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company’s investment committee are required to be attached to the Application Form, failing which our Company and the Selling Shareholders reserve the right to reject any Application without assigning any reason. The investment limit for banking companies as per the Banking Regulation Act, 1949, as amended, is 30.00% of the paid up share capital of the investee company or 30.00% of the banks’ own paid up share capital and reserves, whichever is less (except in certain specified exceptions, such as setting up or investing in a subsidiary, which requires RBI approval). Further, the RBI Master Circular of July 01, 2015 sets forth prudential norms required to be followed for classification, valuation and operation of investment portfolio of banking companies.

Applications by SCSBs: SCSBs participating in the Offer are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 02, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

APPLICATION BY PROVIDENT FUNDS/ PENSION FUNDS

In case of applications made by provident funds/pension funds, subject to applicable laws, with minimum corpus of Rs. 2,500 Lakhs, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Application Form. Failing this, our Company reserves the right to reject any application, without assigning any reason thereof.

APPLICATION UNDER POWER OF ATTORNEY

In case of Applications made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, eligible FPIs (including FIIs), Mutual Funds, insurance companies, insurance funds set up by the army, navy or air force of the India, insurance funds set up by the Department of Posts, India or the National Investment Fund and provident funds with a minimum corpus of Rs. 2,500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of Rs. 2,500 Lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/ or bye laws must be lodged along with the Application Form. Failing this, our Company reserve the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof.

In addition to the above, certain additional documents are required to be submitted by the following entities:

- (a) With respect to applications by VCFs, FVCIs, FIIs and Mutual Funds, a certified copy of their SEBI registration certificate must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.
- (b) With respect to applications by insurance companies registered with the Insurance Regulatory and Development Authority, in addition to the above, a certified copy of the certificate of registration issued by the Insurance Regulatory and Development Authority must be lodged with the Application Form as applicable. Failing this, our Company reserves the right to accept or reject any application, in whole or in part, in either case without assigning any reasons thereof.
- (c) With respect to applications made by provident funds with minimum corpus of Rs. 250.00 million (subject to applicable law) and pension funds with a minimum corpus of Rs. 250.00 million, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject such application, in whole or in part, in either case without assigning any reasons thereof.

Our Company in its absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Application Form, subject to such terms and conditions that our Company, the lead manager may deem fit.

Our Company, in its absolute discretion, reserves the right to permit the holder of the power of attorney to request the Registrar to the Issue that, for the purpose of mailing of the Allotment Advice / CANs / letters notifying the unblocking of the bank accounts of ASBA applicants, the Demographic Details given on the Application Form should be used (and not those obtained from the Depository of the application). In such cases, the Registrar to the Issue shall use Demographic Details as given on the Application Form instead of those obtained from the Depositories.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

MAXIMUM AND MINIMUM APPLICATION SIZE

a) For Retail Individual Applicants

The Application must be for a minimum of [●] Equity Shares. As the Application Price payable by the Applicant cannot exceed Rs. 2,00,000/-, they can make Application for only minimum Application size i.e. for [●] Equity Shares.

b) For Other Applicants (Non- Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares such that the Application Amount exceeds Rs. 2,00,000/- and in multiples of [●] Equity Shares thereafter. An Application cannot be submitted for more than the Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision in Applications, the Non- Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 2,00,000/- for being considered for allocation in the Non- Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Prospectus.

INFORMATION FOR THE APPLICANTS

- a) Our Company will file the Prospectus with the Registrar of Companies, Chandigarh, at least 3 (three) days before the Issue Opening Date.
- b) Any investor (who is eligible to invest in our Equity Shares) who would like to obtain the Prospectus and/ or the Application Form can obtain the same from our Registered Office or from the office of the LM.
- c) Applicants who are interested in subscribing for the Equity Shares should approach the LM or their authorized agent(s) to register their Applications.

INSTRUCTIONS FOR COMPLETING THE APPLICATION FORM

The Applications should be submitted on the prescribed Application Form and in BLOCK LETTERS in ENGLISH only in accordance with the instructions contained herein and in the Application Form. Applications not so made are liable to be rejected. ASBA Application Forms should bear the stamp of the SCSB's. ASBA Application Forms, which do not bear the stamp of the SCSB, will be rejected.

SEBI, vide Circular No. CIR/CFD/14/2012 dated October 04, 2012 has introduced an additional mechanism for investors to submit application forms in public issues using the stock broker ("broker") network of Stock Exchanges, who may not be syndicate members in an issue with effect from January 01, 2013. The list of Broker Centre is available on the websites of National Stock Exchange of India Limited i.e. www.nseindia.com.

APPLICANT'S DEPOSITORY ACCOUNT AND BANK DETAILS

Please note that, providing bank account details in the space provided in the application form is mandatory and applications that do not contain such details are liable to be rejected.

Applicants should note that on the basis of name of the Applicants, Depository Participant's name, Depository Participant Identification number and Beneficiary Account Number provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the demographic details including address, Applicants bank account details, MICR code and occupation (hereinafter referred to as 'Demographic Details'). Applicants should carefully fill in their Depository Account details in the Application Form.

These Demographic Details would be used for all correspondence with the Applicants including mailing of the CANs / Allocation Advice. The Demographic Details given by Applicants in the Application Form would not be used for any other purpose by the Registrar to the Issue.

By signing the Application Form, the Applicant would be deemed to have authorized the depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the National Stock Exchange of India Limited (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
3. For applications where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - a) Each successful applicant shall be allotted [●] equity shares; and
 - b) The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
4. If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
5. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
6. The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 - a) As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - b) The balance net offer of shares to the public shall be made available for allotment to
 - i. Individual applicants other than retails individual investors and
 - ii. Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 - c) The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

‘Retail Individual Investor’ means an investor who applies for shares of value of not more than Rs. 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

For the purpose of Regulation 43(4), if the retail individual investor category is entitled to more than fifty percent, on proportionate basis, the retail individual investors shall be allocated that higher percentage.

The Executive Director / Managing Director of NSE – the Designated Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

PAYMENT BY STOCK INVEST

In terms of the Reserve Bank of India Circular No. DBOD No. FSC BC 42/ 24.47.00/ 2003 04 dated November 05, 2003; the option to use the stock invest instrument in lieu of cheques or bank drafts for payment of Application money has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

GENERAL INSTRUCTIONS

Do's:

- Check if you are eligible to apply;
- Read all the instructions carefully and complete the applicable Application Form;
- Ensure that the details about Depository Participant and Beneficiary Account are correct as Allotment of Equity Shares will be in the dematerialized form only;
- Each of the Applicants should mention their Permanent Account Number (PAN) allotted under the Income Tax Act, 1961;
- Ensure that the Demographic Details (as defined herein below) are updated, true and correct in all respects;
- Ensure that the name(s) given in the Application Form is exactly the same as the name(s) in which the beneficiary account is held with the Depository Participant.
- All Applicants should submit their application through ASBA process only.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- (i) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- (ii) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- (iii) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of 'know your client' norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number ('PAN') to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. Applications without this information will be considered incomplete and are liable to be rejected. It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

RIGHT TO REJECT APPLICATIONS

In case of QIB Applicants, the Company in consultation with the LM may reject Applications provided that the reasons for rejecting the same shall be provided to such Applicant in writing. In case of Non- Institutional Applicants, Retail Individual Applicants who applied, the Company has a right to reject Applications based on technical grounds.

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Applicants have to compulsorily apply through the ASBA Process. Our Company and the LM are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. ASBA Applicants are advised to make their independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this section.

This section is for the information of investors proposing to subscribe to the Issue through the ASBA process. Our Company and the LM are not liable for any amendments, modifications, or changes in applicable laws or regulations,

which may occur after the date of this Draft Prospectus. ASBA Applicants are advised to make the independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=34>. For details on designated branches of SCSB collecting the Application Form, please refer the above mentioned SEBI link.

ASBA PROCESS

A Resident Retail Individual Investor shall submit his Application through an Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Applicant or bank account utilized by the ASBA Applicant ('ASBA Account') is maintained. The SCSB shall block an amount equal to the Application Amount in the bank account specified in the ASBA Application Form, physical or electronic, on the basis of an authorization to this effect given by the account holder at the time of submitting the Application.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against the allocated shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the ASBA Application, as the case may be.

The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchange. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the LM.

ASBA Applicants are required to submit their Applications, either in physical or electronic mode. In case of application in physical mode, the ASBA Applicant shall submit the ASBA Application Form at the Designated Branch of the SCSB or Registered Brokers or Registered RTAs or DPs registered with SEBI. In case of application in electronic form, the ASBA Applicant shall submit the Application Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for applying and blocking funds in the ASBA account held with SCSB, and accordingly registering such Applications.

Who can apply?

In accordance with the SEBI (ICDR) Regulations, 2009 in public issues w.e.f. May 01, 2010 all the investors can apply through ASBA process and after SEBI circular no. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all investors must apply through the ASBA Process.

Mode of Payment

Upon submission of an Application Form with the SCSB, whether in physical or electronic mode, each ASBA Applicant shall be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount, in the bank account maintained with the SCSB.

Application Amount paid in cash, by money order or by postal order or by stock invest, or ASBA Application Form accompanied by cash, money order, postal order or any mode of payment other than blocked amounts in the SCSB bank accounts, shall not be accepted.

After verifying that sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application Form till the Designated Date.

On the Designated Date, the SCSBs shall transfer the amounts allocable to the ASBA Applicants from the respective ASBA Account, in terms of the SEBI Regulations, into the Public Issue Account. The balance amount, if any against

the said Application in the ASBA Accounts shall then be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue.

The entire Application Amount, as per the Application Form submitted by the respective ASBA Applicants, would be required to be blocked in the respective ASBA Accounts until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against allocated shares to the Public Issue Account, or until withdrawal/failure of the Issue or until rejection of the ASBA Application, as the case may be.

Unblocking of ASBA Account

On the basis of instructions from the Registrar to the Issue, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the Public Issue Account as per the provisions of section 40(3) of the Companies Act, 2013 and shall unblock excess amount, if any in the ASBA Account. However, the Application Amount may be unblocked in the ASBA Account prior to receipt of intimation from the Registrar to the Issue by the Controlling Branch of the SCSB regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or rejection of the ASBA Application, as the case may be.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

India's current Foreign Direct Investment ("FDI") Policy issued by the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, GoI ("DIPP") by circular of 2016 with effect from June 07, 2016 ("Circular of 2016"), consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP. The Government usually updates the consolidated circular on FDI Policy once every Year and therefore, this circular of 2016 will be valid until the DIPP issues an updated circular.

The transfer of shares between an Indian resident and a Non-resident does not require the prior approval of the FIPB or the RBI, subject to fulfilment of certain conditions as specified by DIPP / RBI, from time to time. Such conditions include (i) the activities of the investee company are under the automatic route under the foreign direct investment ("FDI") Policy and the non-resident shareholding is within the sectoral limits under the FDI policy; (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI and such other conditions as provided in the FDI Policy from time to time. Investors are advised to refer to the exact text of the relevant statutory provisions of law before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company.

The Equity Shares have not been and will not be registered under the U.S Securities Act of 1933, as amended (U.S. Securities Act") or any state securities laws in the United States and may not be offered or sold within the United States or to, or for the account or benefit of, "U.S. Persons (as defined in Regulation S), except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transaction in reliance on Regulation S under the U.S Securities Act and the applicable laws of the jurisdiction where those offers and sale occur. However, the Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

Subject to the provisions of Companies Act, 2013 the Company shall have a first and paramount lien upon all the shares (not being a fully paid up share) for all monies (presently payable) registered in the name of such member (whether solely or jointly with others) and upon the proceeds of sale thereof for his debts, liabilities and engagements (whether presently payable or not) solely or jointly with any other person, to or with the Company, whether the period for the payment, fulfillment or discharge thereof shall have actually lien or not and such lien shall extend to all dividends, from time to time, declared in respect of shares, subject to section 123 of the Companies Act 2013. The Board of Directors may at any time declare any shares to be wholly or in part exempt from the provisions of this clause.
13. The Company may sell, in such manner as the Board think fit, any share on which the Company has a lien provided that no sale shall be made :-
- (a) unless a sum in respect of which the lien exists is presently payable; or
- (b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

14. (1) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.
- (2) The purchaser shall be registered as the shareholder of the shares comprised in any such transfer.
- (3) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the sale.
15. (1) The proceeds of the sale shall be received by the company and applied in payment of the whole or part of the amount in respect of which the lien exist as is presently payable.
- (2) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares as the date of sale, be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

16. (1) The Board of Directors may, from time to time, make calls upon the members in respect of money unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times. Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.
- (2) Each member shall, subject to receiving at least Fourteen days notice specifying the time or times and place of payment of the call money pay to the Company at the time or times and place so specified, the amount called on his shares.
- (3) A call may be revoked or postponed at the discretion of the Board.
17. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed. Call money may be required to be paid by instalments.
18. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
19. (1) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten percent or at such lower rate, if any as the Board may determine.
- (2) The Board shall be at liberty to waive payment of any such interest wholly or in part.
20. (1) Any sum which by the terms of issue of a share become payable on allotment or at any fixed date, whether on account of the nominal value of the shares or by way of premium, shall for purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
- (2) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
21. Subject to the provisions of Section 50 and 179 of the Act, the Board :-
 - (a) May, if it thinks fit, receive from any member willing to advance all or any part of the money uncalled and unpaid upon any shares held by him; and

- (b) If it thinks fit, may pay interest upon all or any of the moneys advanced on uncalled and unpaid shares (until the same would but for such advance become presently payable) at such rate not exceeding, unless the Company in general meeting shall otherwise direct, 12% (twelve percent) per annum as may be agreed upon between the Board and the member paying the sums or advances, Money so paid in advance shall not confer a right to dividend or to participate in profits.
22. On the trial or hearing on any suit or proceedings brought by the Company against any member or his representative to recover any debt or money claimed to be due to the Company in respect of his share, it shall be sufficient to prove that the name of the defendant is or was, when the claim arose, on the Register of members of the company as a holder or one of the holders of the number of shares in respect of which such claim is made and that the amount claimed is not entered as paid in the books of the Company and it shall not be necessary to prove the appointment of the Directors who resolved to make any call, nor that a quorum of Directors was present at Board Meeting at which any call was resolved to be made, nor that the meeting at which any call was resolved to be made was duly convened or constituted nor any other matter, but the proof of the matters aforesaid shall be conclusive evidence of the debt.
23. Neither the receipt by the Company of a portion of any money which shall, from time to time, be due from any member to the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money, shall, preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as hereinafter provided.

TRANSFER AND TRANSMISSION OF SECURITIES

24. The Company shall keep a "Register of Transfers" and therein shall fairly and distinctly enter particulars of every transfer or transmission of any share(s) or securities.
25. (1) the instrument of transfer of any securities in the Company shall be executed by or on behalf of both the transferor and the transferee;
- (2) the transferor shall be deemed to remain a holder of the security until a properly signed deed of transfer is received by the Company within 2 months of its execution and proper note thereof has been taken and name of transferee has been entered in the Register of Members/Securities, as the case may be;
- (3) that there shall be no forfeiture of unclaimed dividends before the claim becomes barred by law;
- (4) that a common form of transfer shall be used;
- (5) that fully paid shares shall be free from all lien and that in the case of partly paid shares the Company's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares;
- (6) that registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever;
- (7) that any amount paid up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits;
- (8) that option or right to call of shares shall not be given to any person except with the sanction of the Company in general meetings;
- (9) Permission for Sub-Division/Consolidation of Share Certificate.
26. The instrument of transfer shall be in writing and all the provisions of Companies Act 2013 and modification thereof for the time being shall be complied with in respect of all transfers of shares and registration thereof.

27. Unless the Directors decide otherwise, when an instrument of transfer is tendered by the transferee, before registering any such transfer, the Directors shall give notice by letter sent by registered acknowledgement due post to the registered holder that such transfer has been lodged and that unless objection is taken the transfer will be registered. If such registered holder fails to lodge an objection in writing at the office within ten days from the posting of such notice to him, he shall be deemed to have admitted the validity of the said transfer. Where no notice is received by the registered holder, the Directors shall be deemed to have decided not to give notice and in any event to the non-receipt by the registered holder of any notice shall not entitle him to make any claim of any kind against the Company or the Directors in respect of such non-receipt.

TRANSFER OF SECURITIES

28. The Board of Directors may, subject to the right of appeal conferred by Section 58 of the Companies Act, 2013 decline to register :-
- (a) the transfer of a share not being a fully paid up share, to a person of whom they do not approve; or
 - (b) any transfer of the share on which the Company has a lien, provided that the registration transfer shall not be refused on the ground of transferor being either alone or jointly with any person or persons indebted to the Company on any account except a lien.
29. The Board may decline to recognize any instrument of transfer unless:-
- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
 - (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - (c) the instrument of transfer is in respect of only one class of shares.
30. All instruments of transfer which shall be registered shall be retained by the Company, but may be destroyed upon the expiration of such period as the Board may from time to time determine. Any instrument of transfer which the Board declines to register shall (except in any case of fraud) be returned to the person depositing the same.
31. (a) On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

- (b) There shall be no charge for :
 - (a) registration of shares or debentures.
 - (b) sub-division and/or consolidation of shares and debentures certificates and sub-division of Letters of Allotment and split consolidation, renewal and pucca transfer receipts into denominations corresponding to the market unit or trading;
- (c) sub-division of renounceable Letters of Right;
- (d) issue of new certificates in replacement of those which are decrepit or worn out or where the cages on the reverse for recording transfers have been fully utilised;
- (e) registration of any Powers of Attorney, Letter of Administration and similar other documents.

TRANSMISSION OF SECURITIES

32. (a) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.
- (b) Nothing in clause (a) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
33. (a) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either :-
- (i) to be registered himself as holder of the share; or
- (ii) to make such transfer of the share as the deceased or insolvent member could have made.
- (b) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
34. (a) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- (b) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (c) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
35. On the transfer of the share being registered in his name a person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company.
- Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share and if the notice is not complied with within 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the share, until the requirements of the notice have been complied with.
36. Where the Company has knowledge through any of its principal officers within the meaning of Section 2 of the Estate Duty Act, 1953 of the death of any member or of debenture holder in the company, it shall furnish to the controller within the meaning of such section, the prescribed particulars in accordance with that Act and the rules made thereunder and it shall not be lawful for the Company to register the transfer of any shares or debentures standing in the name of the deceased, unless the transferor has acquired such shares for valuable consideration or a certificate from the Controller is produced before the Company to the effect that the Estate Duty in respect of such shares and debentures has been paid or will be paid or that none is due, as the case may be.

37. The Company shall incur liability whatever in consequence of its registering or giving effect, to any transfer of share made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the register of members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the said shares notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer and may have entered such notice or referred thereto, in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability for refusing or neglecting so to do, though it may have been entered or referred to in some book of the Company but the Company though not bound so to do, shall be at liberty to regard and attend to any such notice and give effect thereto if the Board shall so think fit.

FORFEITURE OF SHARES

38. If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.
39. The notice aforesaid shall:-
- (a) name a further day (not being earlier than the expiry of 14 (fourteen) days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
40. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time, thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared in respect of the forfeited shares and not actually paid before the date of forfeiture, which shall be the date on which the resolution of the Board is passed forfeiting the shares.
41. (1) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
- (2) At any time before a sale or disposal, as aforesaid, the Board may annul the forfeiture on such terms as it thinks fit.
42. (1) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the Company all moneys which, at date of forfeiture, were presently payable by him to the Company in respect of the shares together with interest thereon from the time of forfeiture until payment at the rate of 9 % (nine percent) per annum.
- (2) The Liability of such person shall cease if and when the Company shall have received payments in full of all such money in respect of the shares.

43. (1) A duly verified declaration in writing that the declarant is a director, the manager or the secretary of the Company and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share.
- (2) The Company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed off.
- (3) The transferee shall thereupon be registered as the holder of the share.
- (4) The transferee shall not bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale of disposal of the share.
44. The provisions of these regulations as to forfeiture shall apply, in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
45. The forfeiture of a share shall involve the extinction of all interest in and also of all claims and demands against the Company in respect of the share, and all other rights incidental thereto except only such of those right as by these Articles are expressly saved.
46. Upon any sale, after forfeiture or for enforcing a lien in purported exercise of powers hereinbefore given, the Board may appoint some person to execute an instrument of transfer of the shares sold and cause the purchaser's name to be entered in the Register in respect of the shares sold and the purchaser shall not be bound to see to the regularity of the proceedings or to be application of the purchase money and after his name has been entered in the Register in respect of such shares, the validity, of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.
47. Upon any sale, re-allotment or other disposal under the provisions of these Articles relating to lien or to forfeiture, the certificate or certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect. When any shares, under the powers in that behalf herein contained are sold by the Board and the certificate in respect thereof has not been delivered up to the Company by the former holder of such shares, the Board may, issue a new certificate for such shares distinguishing it in such manner as it may think fit, from the certificate not so delivered.
48. The Directors may subject to the provisions of the Act, accept from any member on such terms and conditions as shall be agreed, a surrender of his shares or stock or any part thereof.

ALTERATION OF CAPITAL

49. The Company may, from time to time, by ordinary resolution increase its share capital by such sum, to be divided into shares of such amount, as the resolution shall specify.
50. Subject to the provision of Section 61, the Company may, by ordinary resolution in general meeting :
- (a) consolidate and divide all or any of its capital into shares of larger amounts than its existing shares:
- (b) convert all or any of its fully paid-up shares into stocks, and reconvert that stock into fully paid-up shares of any denomination;
- (c) sub-divide its existing shares or any of them, into shares of smaller amounts than is fixed by the Memorandum of Association, so however, that in the sub-division the proportion between the amount paid

and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived;

- (d) cancel any share which, at the date of the passing of the resolution in that behalf, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.
51. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law :-
- (a) its share capital;
 - (b) any capital redemption reserve account; or
 - (c) any share premium account.
52. The Company may, from time to time, by special resolution and on compliance with the provisions of Section 66 of the Act, reduce its share capital.
53. The Company shall have power to establish Branch Offices, subject to the provisions of the Act or any statutory modifications thereof.
54. The Company shall have power to pay interest out of its capital on so much of shares which were issued for the purpose of raising money to defray the expenses of the construction of any work or building or the provision of any plant for the Company in accordance with the provisions of the Act.
55. The Company, if authorised by a special resolution passed at a General Meeting may amalgamate or cause itself to be amalgamated with any other person, firm or body corporate, subject however, to the provisions of Section 230 to 232 of the Act.

CONVERSION OF SHARES INTO STOCK

56. The Company may, by an ordinary resolution:-
- (a) convert any paid-up shares into stock; and
 - (b) reconvert any stock into paid-up shares of any denomination authorised by these regulations.
57. The holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred or as near thereto as circumstances admit:

Provided the Board may, from time to time, fix the minimum amount of Stock transferable, so however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

58.
