# Limited Review Report to the Board of Directors of Marshall Machines Limited

- We have reviewed the accompanying statement of unaudited financial results of Marshall Machines Limited for the Quarter / Half-YearEnded 30.09.2020. This statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.
- 2. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
- 3. Based on our review conducted as above, except for the effects/possible effects of our observations stated in para 4 below nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

#### 4. Emphasis of Matter:

### Attention is drawn to the following:

- a. As stated in Note no. 17 of the half yearly financial statements, Company has made Sales amounting to Rs. 5,63,98,774.00 and Purchases of Rs. 2,13,62,261.00 from M/s Punjab Metallize which constitutes about 38 % of the Total Sales Value. The products Purchased and Sold are not being ordinarily traded and manufactured by the Company. However our opinion is not qualified in this regard.
- b. Company has not provided depreciation on all eligible fixed assets for the months of April and May 2020 amounting to Rs. 108.40 Lacs. Had the provision be made the loss for the half year ended 30<sup>th</sup> September 2020 of the Company would have been increased by the above stated amount and the Fixed under the said Note no. 24 would have been decreased. Our opinion is not qualified in this regard.

c. Certain amounts of trade payables are pending for payments more than the period specified under Micro, small and medium enterprises development Act, 2006. As per the provisions of the said act interest provision has to be made on such defaulted payments. However Company has not disclosed trade payables under micro, small and medium enterprises separately and in the absence of necessary evidences we are unable to quantify the amount which is due to micro, small and medium enterprises as prescribed under the act. And no provision of interest on the same amount has been provided in the half year financial statements for the period ending 30<sup>th</sup> September, 2020. Our opinion is not qualified in this regard.
